DEDICATION

Bismillahirrahmanirrahim

This thesis was dedicated to:

• My lovely mothers "Redema Wati & Dra. Asnawati, M.kom" than my beloved fathers "M.Yamin S & Hasan Basri" that always given supports, advice, pray, spirit and nice gift for all my life. This success for you...

• My beloved brother's Nopi Irawan, Zahro Rozi, S. Ghifar Al-Hafiz and sister's Mita Gustiana, Asepa Yuniarti, Desti M Sari who had never left my side to give encouragement, and pray and thank you for your joke. You’re my best friend in our childhood. I'll always remember it.

• I would like to dedicate this thesis to all Lecture of English Study Program especially my great supervisors Mam Risnawati M.Pd and Mam Detti Lismayanti, M.Hum. I am very greatful for your kindness, times, advice, suggestion and everything that made me spirit to conduct this thesis.

• I also would like to dedicate this thesis to all friends at English Study Program TBI B 2012-2016, especially Hayu, Fenti, Intan, Vera, Fentri and Heni, you are my motivation. Than my best friends Risma, Rini and Mbak Maya all of you have been my best cheerleaders.

• Than I would like to dedicate this thesis to director of L-Bass Radio 97.6 Fm IAIN Bengkulu Mrs. Khairiah el Wardah, M.Ag and all announcers especially to Alan, Destri, Davit and Ani for your help and cooperation.

• All my friends KKN Talang Saling and PPL MTs J-Alh

ACKNOWLEDGMENT

Alhamdulillah, all praises be to Allah, the single power, the Lord of the universe, master of the day of judgment, God all mighty, for all blessing and mercies so the researcher was able to finish this thesis entitled AN ANALYSIS CODE SWITCHING AND CODE MIXING BY USED RADIO ANNOUNCERS AT L-BASS RADIO 97.6 MHZ IAIN BENGKULU. Peace be upon Prophet Muhammad SAW, the great leader and good inspiration of world revolution. The researcher is sure that thesis would not be completed without the helps, supports, and suggestions from several sides. Thus, the researcher would like to express her deepest thanks to all of those who had helped, supported, and suggested her during the process of writing this thesis. This goes to:

1. Mr. Prof. Dr. H. Sirajuddin.M.,M.Ag.,MH, the dean of the State Islamic Institute of Bengkulu.
2. Mr. Zubaedi, M.Ag, M.Pd as head of Tarbiyah and Tadris Faculty.
3. Mrs. Eva Dewi, M.Ag as chairwomen of Tadris Faculty
4. Mrs. Nadrah, M.Pd as secretary of Tadris Faculty
5. Mrs. Fera Zasrianita, M.Pd as chief of English Education Program.
6. Mrs. Risnawati, M.Pd as the first consultant for her guidance, precious advices, and motivation for the researcher.
7. Mrs. Detti Lismayanti, M.Hum as the second consultant for her precious advices, corrections and help to revise the mistake during the entire process of writing this thesis.
The researcher realizes that this thesis is still far from being perfect. The researcher hopes that this thesis is useful for the researcher in particular and the readers in general.

Bengkulu, 2016

ABSTRACT

First Advisor: Risnawati M.Pd and Second Advisor: Detti Lismayanti, M. Hum.

Keywords: Code Switching, Code Mixing and Announcers L-Bass.

The phenomena of code switching and code mixing are one of various social contexts that can help interaction wherever with transition from one language to other language. The participants of this study were 4 announcers of utterance the radio L-bass 97.6 MHz IAIN Bengkulu.

This research is a qualitative study using descriptive methods. Data collected by recording techniques and then the writer transcribes the recording into paper. The aim of this study was to identify how is code switching and code mixing used by radio announcer at L-bass IAIN Bengkulu based on Hoffman theory.

The results showed that most participants was used all the types of code switching and code-mixing. In using code switching, mostly announcers was used inter-setentional 40.42%, and intra-sententional code-mixing 53.41% was higher from other types. It also dapt concluded that the use of code switching and code-mixing by the announcers of radio L-bass in the program "Fun With English" is influenced by some factors, namely age, style and class. Announcers also use all types of code switching and code-mixing to make the program become more interesting.
ABSTRAK

First Advisor: Risnawati M.Pd and Second Advisor: Detti Lismayanti, M. Hum.

Fenomena alih kode (code switching) dan campur kode (code mixing) adalah salah satu dari berbagai konteks sosial yang dapat membantu interaksi manapun dengan transisi dari satu bahasa ke bahasa lain. penelitian ini adalah untuk mengidentifikasi bagaimana alih kode dan kode pencampuran digunakan oleh penyiar radio di L-bass IAIN Bengkulu berdasarkan teori Hoffman.

Penelitian ini merupakan penelitian kualitatif dengan menggunakan metode deskriptif. Data dikumpulkan dengan teknik merekam dan kemudian penulis mentranskripsi rekaman ke dalam kertas. Peserta penelitian ini adalah 4 penyiar radio L-bass 97, 6 MHz IAIN Bengkulu.

Hasil penelitian menunjukkan bahwa sebagian besar peserta menggunakan semua jenis alih kode dan campur kode. Dalam penggunaan alih kode, sebagian besar penyiar menggunakan antar-setential 40,42%, dan dalam penggunaan campur kode intra-sentential 53,41% lebih tinggi dari jenis lainnya. Hal ini juga dapat disimpulkan bahwa penggunaan alih kode dan campur kode oleh penyiar dari radio L-bass dalam program “Fun Dengan bahasa Inggris” dipengaruhi oleh beberapa faktor, yaitu usia, gaya dan kelas sosial. Penyiars juga menggunakan semua jenis alih kode dan campur kode untuk membuat program menjadi lebih menarik.
CHAPTER I
INTRODUCTION

A. Background of the Problem

In every day interaction, people usually choose different codes in different situation to interact to all nations, societies or formal state in order to become close one another. People agree code makes them easier to communication and get information instrument, particular topic those which something to do with technology, radio, television, internet, etc. So there is no reason to gain knowledge because knowledge is essential to our lives, as described QS.Al-Mujadalah: 11:

"يَرْفَعِ اللَّهُ الَّذِينَ أَمَامَنَّا مَنْكُمْ وَالَّذِينَ أُتْوَى الْعِلْمَ ذَرَّاجَاتٍ (11)"

Artinya:"Allah akan meninggikan orang-orang yang beriman di antaramu dan orang-orang yang diberi ilmu pengetahuan."(QS.Al-Mujadalah: 11)

Indeed knowledge is very important example code, code is related to those fields rather than the language used in daily language communication from the concept of communication itself and the role of language such English and Arabic. Whether we like or not, we are obliged to master foreign language.

Code a main of communication is very important as a system that is used by people. It also code can makes us easy to interaction when to talk each other and make them choose a particular code to express them felling to switch from one code to another or to mix codes languages are used in the word. Code is important role in human as to interaction with other people and as a cognition that truly makes us human. Code is a language that by used by
the people without forget to use the grammatical property formally. Code is the particular dialect or language one chooses to use on any occasion, and a system for communication between two or more parties (Wardhaugh).\textsuperscript{1} It is easy for them to switch or to mix on code to another code or one language to another language. However, sometimes code switching and code mixing will become to alternative language by announcer when do compensations, because code switching and code mixing can make them easy to interpret word by word for listener are listening when the speaker said.

Sociolinguistics is the study of the relationship between language and society. It also can help us understand when we speak different in various social contexts, and help us uncover the social relationships in a community to interaction wherever with transition from one language to other language. Code switching and code mixing is one of various social contexts that can help interaction wherever with transition from one language to other language. According to Martiana code switching and code mixing happened as an effect of the cross language of Eros culture by people use bilingualism or multilingualism.\textsuperscript{2} So code switching and code mixing as several of social contexts because can help people relationship in a community was used one language to other language it is can happen because effect of cross language.

Code switching is as phenomenon switching from one code to other, or code switching is a combination of 2 (two) languages and more in accordance with the rules of the incorporation of the language such as merging the word

\textsuperscript{1} Seckin Esen. \textit{Code switching – definition, types and examples of code switching.} 2014. p 1

\textsuperscript{2} Monica Stella Cardenas and Ismiyartaty Claros. \textit{Code switching and code mixing in internet cheting:between, 'yes.'ya’and’sì',a case study.} Jakcalljournal (2009). vol.5 p.3
with words, phrases with phrases and sentences with phrases. There are number of possible reason for the switching from one language to another by crystal, first of these the national that a speaker may not be able to express him/herself in one language so switches to other to compensate for the deficiency. Secondly, switching commonly occurs when individual wishes to express solidarity with a particular social group.

According to Suwandi code mixing is the using of two or more language in informal style between the people which we know. It is important to note that code switching and code mixing differs from “lexical borrowing”, a term that covers “words of foreign origin which have been assimilated to the phonology of the host language” Li. That theory said that code-switching is a natural product of the interaction of the bilingual’s two languages. Early researchers viewed code-switching as evidence that the bilinguals’ two languages were organized in separate and distinct mental dictionaries or using more than one language or variety of language simultaneously in conversation. Kim define that code mixing is the condition in which a conversant is using two languages together by changing from a language to the other in the course of a single utterance. So code switching and code mixing can be accouter in various places and situation, one fact of code switching and code mixing could be found in many kind of announcer, one of them in radio announcer.

Announcer is a person who introduces programs, reads or provides communication, or an announcer is someone whose job is to talk between programmers on radio or television. According to the Legislative Council, announcers are perceived by the public as the most pervasive and powerful means of communication to connect with the masses. Usually, announcers include gathering, planning, writing, rewriting, and delivering informational spots on topics such as news and the weather, interviewing guests, working with producers and assistants to choose program material, and communicating with listeners by phone on air, or answering their emailed questions.

Announcer’s Like on the Sound Broadcasting licensees’. The announcer Authority assigned an independent survey company to collect public opinions the terms code switching together with code mixing has been used by different scholars in different ways with regard to their implied meaning for linguistic theories (Bentahila & Davies).

Based on the researcher observation of the announcer of L-Bass Radio State Institute for Islamic Studies (IAIN) Bengkulu, the researcher got that the speaking ability of announcers has many variations based on Hoffman theory shows 3 types of code switching are intra-sentential, inter-sentential, establishing continuity with the previous speakers, and 3 types of code mixing are intra-sentential, intra-lexical, and involving a change of pronunciation. Radio L-bass is radio in IAIN Bengkulu at Fm stripe, radio L-bass used frequency 97.6 MHz and since 2004. At the first, L-Bass Fm Radio

9 Dias Astuti Cakrawati. Analysis of code switching and code mixing in the teenlit canting catia by dyan nuraniwdya. University Diponogoro. 2011, p 14
composition about 35% for music Islamic, 25% for Islamic story, a 25% for pop song. The other program at radio L-bass top program for education. At the first radio L-bass has given programs like Islamic music and then have Education Programs it make announcers often used code switching and code mixing, its aim is so that listener can concentrate about code switching and code mixing. There are some programs at L-bass radio FM like The room of philology, Indonesian Pop, Shape of Inspiration, The Room of Education, fun with language etc.

Radio L-bass not only provides a lot of information about Islam every day, but it is also broadcast Education Program such as English, Wednesday was gave information about education English. The announcer always broadcasts at L-bass radio at program; Wednesday “Fun with English” are Destri, Davit, Alan, and Ani.

The announcers often used switching and mixing in that program. It makes the researcher interest to indentify the program of code switching and code mixing. Researcher chooses this English Program because this program related to educations of English. In this thesis, the researcher is interested to analyze the problem entitled “An Analysis of Code Switching and Code Mixing Used by Radio Announcers at L-Bass Radio 97, 6 MHz IAIN Bengkulu.

B. Identification of the Problem

Based on background above, the researcher saw some problems that appeared in announcers. Sometimes announcer do not know the reason use code switching and code mixing used by radio announce at L-
bass IAIN Bengkulu, it also what types of code switching and code mixing are found in the conversation.

C. Limitation of the Problem

The problem of this research will be limited on the use of English code switching and code mixing by radio announcers at L-bass radio 96.7 MHz IAIN Bengkulu. Where the use of English code switching and code mixing will be arrange based on Hoffman theory sows 3 types of code switching are intra-sentential, inter-sentential s, Establishing continuity with the previous speaker , and 3 types of code mixing are intra-sentential, intra-lexical, and involving a change of pronunciation.

D. Formulation of the Problem

The research intens to answer question: How is English code switching and code mixing used by radio announcer at L-bass IAIN Bengkulu?

E. Objectives of the Research

Based on the problems above, the aims of this study is as follows: To identify how is code switching and code mixing used by radio announcer at L-bass IAIN Bengkulu.

F. Significance of the Research

This analysis can be beneficial for developing knowledge and insight ad also can be applied for daily living. These analyses have two main significances involve theoretical and practical. Theoretical, in this

study to was given information and contribution for the next research of
sociolinguistics especially to used code switching and code mixing.
Practically, since this study is specially focused on analyzing the types of
code switching and code mixing and the reason why this used. This study
might be useful for readers, especially to know the development of English
in prated media and can help them to have better communication and
interaction in society who lives in bilingual and multilingual community.

G. Definition of Key Terms

There are some variable in this research and will be explained best on title
as follow:

1. Code switching is participant share common cultural norms and
   background knowledge a language shifting of clause, sentence, or
discourse at one language to other language. Giglioli he state that
social meaning transmitted through stile switching or other social
linguistic devices is effective only when the participant share
common cultural and background knowledge.11

2. Code mixing is the transfer of linguistics element from one
language into another. According Suwandi code mixing is the
using of two or more language in informal style between the
people which we know.12

3. Radio announcer at L-bass IAIN Bengkulu is person introduces programs to give information about education, Trent, song, lifestyle and etc, to communication with listener. According Legislative Council, Announcer is perceived by the public as the most pervasive and powerful means of communication to connect with the masses.\footnote{Lam Way, "Code switching and code mixing in the broadcasts of commercial radio hongkong (crhk)". 2013, p 11}
CHAPTER II
LITERATURE REVIEW

A. Sociolinguistics

When people interact with others in society at anytime and anywhere they must use a language without a language, people will find some trebles when do activities and toward the society. In order to clarify our thoughts about language, let’s look at some of the ways language is viewed by linguists. We can then give a precise statement of the specifically sociolinguistic view of language, and contrast it to other views of language assumed in linguistics proper.\textsuperscript{14} According C.criper and H.G. Widdowson in (Abdul chaer & leonie Agustina) sociolinguistics is study of language operation, its purpose is to investigate how the convention of the language use relates to other aspect of social behavior.\textsuperscript{15} From the previous statements, it can be concluded that bilingualism is the use of two languages by a speaker in the interaction with the speaker of other language.

Sociolinguistics is a developing branch of linguistics and sociology which investigates the individual and social variation of language. Just as regional variation of language can give a lot of information about the place the speaker is from, social variation tells about the roles performed by a given speaker within one community, or country. And sociolinguistics is as a branch of sociology in that it reveals the relationship between language use and the

social basis for such use. Sociolinguistics differs from sociology of language in that the focus of sociolinguistics is the effect of the society on the language, while the latter's focus is on the language's effect on the society.

Sociolinguistics is the study of the language function in a social context and the development of language in society. This is consistent with Noam Chomsky in Romaine Stated that sociolinguistics focus on differences in the use of language in society so that an object can be the object language learning another language. And then Sociolinguistics is as branch of linguistics which studies just those properties of language and languages which require reference to social, including contextual, factors in their explanation. So we can say if sociolinguistics is the study of language use in a society that does not focus on the composition of sentence structure but focuses on differences in language use and language development in society.

Besides that, Fishman (in Chaer and Agustina,) say that, sociolinguistics is the study of the characteristics of language varieties, the characteristics of their functions and the characteristics of the speaker as those three constantly interact, change and change one another within a speech community. With language clearly focused on the topic of social arrangement inherent in language habits society.

Related to the explanation, sociolinguistics is the study of the development and the level of use of language in a society in which there is a

---

17 Dias Astuti Cakrawarti."Analysis of code switching and code mixing in the teenlit canting catia by dyan nuraniwdya." Thesis Diponogoro University. 2011.p 1
discussion about bilingual and multilingual discussion of incorporation language in accordance with the rules and are not in accordance with the rules but is used by the community and accepted by society well studied in the code-switching and code-mixing. So, the lessons of sociolinguistics not only on the organizational structure of the language but also on the level development use of language in society and familiarize the user language to use the language that is used in accordance with the appropriate developmental and language level of civility in society. There are numerous factors influencing the way people speak which are investigated by sociolinguistics.\textsuperscript{18}

1. Social class

The position of the speaker in the society, measured by the level of education, parental background, profession and their effect on syntax and lexis used by the speaker. An important factor influencing the way of formulating sentences is, according to sociolinguists, the social class of the speakers. Thus, there has been a division of social classes proposed in order to make the description accurate. Two main groups of language users, mainly those performing non-manual work and those with more years of education are the ‘middle class’, while those who perform some kind of manual work are ‘working class’. The additional terms ‘lower’ and ‘upper’ are frequently used in order to subdivide the social classes. Therefore, differences between upper middle class can be compared with lower working class.

\textsuperscript{18} Anthony C. Oha. PhD. \textit{“Introduction of Sociolinguistics.” National Openb .Universtiy of Negeria. 2010. P 16-17}
2. Social context

The register of the language used depending on changing situations: formal language in formal meetings and informal usage during meetings with friends, for example. It is notable that people are acutely aware of the differences in speech patterns that mark their social class and are often able to adjust their style to the interlocutor. It is especially true for the members of the middle class who seem eager to use forms associated with upper class; however, in such efforts, the forms characteristic of upper class are often overused by the middle class members. The above mentioned process of adapting own speech to reduce social distance is called convergence. Sometimes, however, when people want to emphasize the social distance, they make use of the process called divergence, purposefully using idiosyncratic forms.

3. Geographical Origins

Slight differences in pronunciation between speakers that point at the geographical region which the speaker comes from. Sociolinguistics investigates the way in which language changes, depending on the region of the country it is used in. To describe a variety of language that differs in grammar, lexis and pronunciation from others, the term dialect is used. Moreover, each member of community has a unique way of speaking due to the life experience, education, age and aspiration. An individual personal variation of language use is called an idiolect.
4. **Ethnicity**

Differences between the use of a given language by its native speakers and other ethnic groups. There are numerous factors influencing idiolect, some of which have been presented above; yet two more need to be elucidated, namely jargon and slang. Jargon is specific technical vocabulary associated with a particular field of interest, or topic. For example words such as convergence, dialect and social class are sociolinguistic jargon. Whereas slang is a type of language used most frequently by people from outside of high-status groups, characterized by the use of unusual words and phrases instead of conventional forms. For example, a sociolinguist might determine, through study of social attitudes, that a particular vernacular would not be considered appropriate language use in a business or professional setting; she or he might also study the grammar, phonetics, vocabulary, and other aspects of this socialist much as a dialectologist would study the same for a regional dialect.

5. **Nationality**

Clearly visible in the case of the English language: British English differs from American English, or Canadian English; Nigerian English differs from Ghanaian English; The study of language variation is concerned with social constraints determining language in its contextual environment. Code switching is the term given to the use of different varieties of language in different social situations. William Labor is often regarded as the founder of the study of sociolinguistics. He is especially noted for introducing the
quantitative study of language variation and change, making the sociology of language into a scientific discipline.

6. Gender

Differences in patterns of language use between men and women, such as quantity of speech, intonation patterns.

7. Age

The influence of age of the speaker on the use of vocabulary and grammar complexity.

Related to the explanation, sociolinguistics is the study of the development and the level of use of language in a society in which there is a discussion about bilingual and multilingual discussion of incorporation language in accordance with the rules and are not in accordance with the rules but is used by the community and accepted by society well studied in the code-switching and code-mixing.

B. Bilingualism

A speech community that has a relationship with another speech community, it will pass language contact. One of the major characteristics of both phenomena is their imposition as the norm of language use in the most bilingualism communities. Therefore bilingualism in Indonesian language called kedwibahasaan (Chaer) of the terms proposed by Chaer, it is understood that bilingualism or relating to the use kedwibahasaan by people bilingual speakers in their daily activities.

---

There are several definitions of bilingualism even though essentially same. Such as by Grosjean bilingualism is an integrated whole which cannot easily be decomposed in two separate parts. Another statement says that bilingualism is not language phenomenon; it is the characteristic of the language usage. On the other hand Bilingualism is the use of at least two languages either by an individual or by a group of speakers (Kaswan). Therefore, recent definitions as the one of Carol Myers-Scotton tend to define bilingualism in a very broad sense describing it as the “ability to use two or more languages sufficiently to carry on a limited casual conversation”.

According Mackey stated that the practice of bilingualism is alternately from one language to another language by a speaker. Then, Though all the suggested motivations by Li bilingual is punning seems to be more associated with written genres or planned discourse and have rare occurrence in spontaneous conversation. This is because the speaker does not always generate these clever puns in real-time conversation (Chan).

From the previous statements, it can be concluded that bilingualism is the use of two different languages by a speaker in the interaction with the speaker of other language. Usually that was happen when spontaneous conversation as a phenomenon that many scholars have noted to be more pervasive in informal communicative situations. For example in Commercials, news reports, songs, radio education and any pre-scripted speech are excluded.

---

22 Lam Way. “Code switching and code mixing in the broadcasts of commercial radio hongkong (crhk)” 2013 P 22
C. Code

In every day interaction, people usually choose different codes are different situation. They may choose particular code or variety because that make them easier discus a particular topic, regardless, where they are speaking. When talking about work or school at home, for instance, they may use the language that related to those fields rather than the language used in daily language communication at home.

A code is system that used by people to communicate. According” (Stokweell) A code is “a symbol of nationalism that is used by people to speak or communicate in a particular language or dialect, or register, accent, or style on different occasions and for different purposes. 23 ” And meanwhile, Poedjosodarmo, in Rahardi state that code can be defined as a speech system and the application of the language element which has specific characteristic in line with the speaker’s background, the relationship between the speaker and interlocutor and situation. 24 So the is a form of the language variation that used by society to make communication with other people. However, it is mainly used as natural term for any system of communicate, which involves language dialect or variety.

In order word, a code is system of rules that allow us to give information in symbolic form. Human language also code: consists of word

they represent ideas, events, and object. When it put together in certain circumstances, it will help us to communication.

Fasold (in Tarigan) explants one criterion to different code switching and code mixing. 25 “One criterion that is sometimes offered to distinguish switching from mixing is that the grammar or of clause determines of language. By this criterion, if a person uses a word or phrase for other language, he has mixed, not switched. But if one clause has the grammatical structure of one language and the next is constructed according to grammar of another, a switch has occurred.

D. Code Switching

Code-switching is the use of multiple languages in the words, phrases and sentences even in a paragraph. This is according to Duran said that code switching is probably strongly related to bilingual life and may appear more or less concurrently in the life of the developing language bilinguals especially when they are conscious of English Language and Literature Studies such behavior and then choose more or less purposefully to use or not to use it. Based on these statements, code-switching is clearly a combination of two or more languages and combines words, phrases and sentences. Then, the structure of language in code-switching does not violate the rules of drafting sentences for second or more languages. It was confirmed also by Heredia and Brown said that code-switching is a natural product of the interaction of 2 pieces of language. In

addition, according to Hymes, code switching is a change of use of two or more languages, some variations of one language or even some kinds of the style

Code switching is the inevitable consequence of bilingualisms and multilingualism. Anyone who can speak more than one language chooses the language according to the circumstances in which the language will be comprehensible to the person addressed. A bilingual speaker tends to switch rapidly from one language to another, to certain condition and for certain reason. To communication of the phenomena between speakers different language like a using code. From the phenomena have in common that they are concerned with how elements of two different languages are used together and furthermore, they are concerned with the effects a grammar of one variety can have on the grammar of another variety according Myers-Scotton.  

Based on expert opinion above, it is clear that the code-switching is language products that is produced naturally by the people who use multiple languages either a doubling in the level of words, phrases and sentence and the sentence does not violate the rules of this product in the preparation of the structure of words, phrases and sentences which in both languages. Code switching in the utterances of fun with language radio announcer involves two different languages, namely Indonesian and Bengkulu. The most dominant language used by the announcer is Indonesian. The following is the

---

result including the type code switching and the factors for changing the code.

1. Types code switching

The first type is situational code switching. Wardhaugh states that situational code switching occurs when the languages used change according to the situation in which the conversant find them: they speak one language in one situation and another in a different one.27 No topic change is involved. When a change topic requires a change in language used, we have metaphorical code switching. Saville-Troike) define metaphorical code switching as a code switching occurring within a single situation but adding some meaning to such components. The example of situational code switching is that in some universities a ritual shift occurs at the end of a successful dissertation defense, when professors address the (former) student as Doctor and invite first names in return.

The second classification is based on the scope of switching or the nature of the juncture which language takes place, Wardhaugh says code switching can occur within a single sentence or change which occurs between sentences or speech acts, (intra-sententially) and between sentences or change which occurs between sentences or speech acts, (inter-sententially).28 Code switching is also divided into metaphorical and situational. The following is

the types of code switching which occurs in the utterance of Fun with English radio announcer.

According Hoffman shows many types of code switching and code mixing based on the juncture or the scope of switching where languages take place. Those are intra-sentential switching, inter-sentential switching, *Establishing continuity with the previous speaker*,

**a. Inter-sentential switching**

This kind of code switching occurs between clause or sentence boundary, where each clause or sentence is in one language or other, as when an adult Spanish-English bilingual says: “Ok sob, let our hear, they were off-white, you know.”(Hoffman). Like Yoruba/English bilingual says: *Won o arrest a single person (won o they did not).*

Another example: *ok rekan radio L-bass fm selalu dihati indah diudara,* let’s our hear this song. (Let’s hear this song)

*Jadi memang banyak ya situs-situs belajar bahasa inggris,* so no one reason to can learn English.

**b. intra sentential code switching**

In this kind of code switching, exclamation and certain set phrases in one language are inserted into an utterance otherwise in another, as when a Panjabi/English says: “It’s a nice day, pndenggar?” (Hi semua?

---

isn’t it). It was embarrassing! It was very nice, though, but I was embarrassed!” Hoffman, Like Panjabi/English bilingual says: *It's a nice day, hana? (hai nā isn't it).*

Another example: *it's nice day, pendengar.*

*So don’t go anywhere, and keep stay 96, 7 fm setia diudara indah dihati.*

c. Establishing continuity with the previous speaker

This kind of code switching occurs to continue the utterance of the previous speaker, as when one Indonesian speaker speaks in English and then the other speaker tries to respond in English also. Yet, that speaker can also switch again to language Indonesia.

For instance:

Speaker 1: I can’t get leave for you ‘karena saya suka our together today...

Speaker 2: Correct! Listener let our came back the song

e. Code Mixing

Code mixing is a mixing of two codes or languages, usually without a change of topic. Code mixing often occurs within one sentence, one element is spoken in language A and the rest in language B. In addition, Nababan said that code mixing is found mainly in informal interactions. In formal situation, the speaker tends to mix it because there is no exact idiom in that language, so it is necessary to use words or idioms from other language.
Hoffman shows many types code mixing based on the juncture or the scope of switching where languages take place. Those are intra-sentential code mixing, intra lexical code mixing, and involving a change of pronunciation. Each type will be describing bellow:

1. **Types of code mixing**

Mysken defines three types of code mixing Intra sentential, Intra lexical and. Involving a change of pronunciation

a. **Intra-sentential code mixing**

This kind of code mixing occurs within a phrase, a clause or a sentence boundary, as when a French-English bilingual says: “I started going like this. Y luego decla (and then he said), look at the smoke coming out my fingers.” Another example is from Wardaugh “Estaba training Para pelar”; “He was training to fight.” It also The succession of fragments in language A and B in a sentence, which is overall not identifiable as belonging to either A, or B and do come again. ‘That’s all right then, and do come again.

b. **Intra-lexical code mixing**

This kind of code mixing which occurs within a word boundary, such as in sapper (English Shop with the Panjabi plural ending) or Kuenjoy (English enjoy with the Swahili prefix Ku, meaning ‘to’). It also the insertion of well-defined chunks of language

---

B into a sentence that otherwise belongs to language A. Insertion of words from one language into a structure of another language.

Another example: thank you ya silvy dari Bengkulu tengah.

c. Involving a change of pronunciation

This kind of code mixing occurs at the phonological level, as when Indonesian people say an English word, but modify it to Indonesian phonological structure. For instance, the word ‘strawberry’ is said to be ‘strawberry’ by Indonesian people.

Another example modification word: hai pendengar setia (Hi)

Boleh telpon di no 08….

F. Difference Between Code Switching and Code Mixing

So the basic difference between code switching and code mixing is code mixing occurs when speakers mix/insert foreign words (other code) in the dominant language used, yes including the use of foreign terms that appear intellect. While code switching, speakers change the language used to code the others (including diversity) for consideration

a. The other person,

b. Speakers themselves,

c. The presence of three speakers (e.g., between English keep coming third of Sumatran, they transfer the code to Indonesian language)

d. Relate a sense of humor, or

e. Increase the prestige. The same of code switching and code mixing is that they commonly occur in a multilingual society in using two languages or more.
The difference over the code (code switching) occurs between the language used is an autonomous individual, a conscious and deliberate, specific causes, while the mixed code (code mixing) occurs in a primary code or code base used has function and autonomy, while other code involved in the use of such language is in pieces, without function and autonomy as a code.

G. Radio Announcer

As we know, radio is one of the amusing media where we can listen to the music, get information, and hear someone speaking. During an on air program, a radio announcer speaks for hours. In case the listeners get bored of listening the program for hours, the announcer often speaks in some languages to make the program more fun. The announcer of Suara L-bass radio channel is Fun with English. When running the on air program, she switches the language from Indonesian to English, or Bengkulu.

Announcer is perceived by the public as the most pervasive and powerful means of communication to connect with the masses Legislative Council. Radio and television have long been the traditional means for people to access information and entertainment. In the past few years, social network sites such as Facebook, Twitter have gained huge popularity among teenagers and adults and have attracted millions of users worldwide. The emergence of these interactive social media on the internet undoubtedly opens

up alternative channels for news and information, and facilitates the expression of opinions. Nevertheless, radio broadcasting still remains a pervasive medium and a powerful source of information and entertainment for the general public. One unique feature of radio broadcasting is the absence of visual images and the emphasis on verbal communication.

The language used by hosts, guests, phone-in participants, and the clarity within which they convey their message, their tone, pace, responsiveness in reacting to questions, etc., are all instrumental in shaping the atmosphere and the attractiveness of radio programs. This is something written words cannot reflect. Therefore, an analysis on radio programs rather than television programs where subtitles are available, or social network sites and print media where the written word prevails, allows us to better understand how code choices are made in an interactive situation in a bilingual community like Hong Kong, isolating the interference of visual and written words.

H. Some Related Previous Studies

There are some researchers have studied about code mixing and code switching. Firstly Dias Astuti Cakrawarti .2011. In her thesis entitled “An Analysis of Code Mixing and code switching In the Teenlit Canting Cantiq by Dyan Nuranindya. The results obtained from this study indicated that the expressing group identity is factors cause of code switching and code mixing.
The most dominant types of *intra sentential code switching*, because in teetnli
canting cantiq there are conversations was used English language.  

Secondly, *the verbal behavior of code switching and code mixing in*
*the media domain is under researched in Hong Kong*. Most of the relevant
detailed studies have been concentrated in Indonesia. For instance, Prasetya
Ingram’s (2007) and Kusumasakti’s (2009) analyses show the types of
Indonesian-English code mixing and code switching used by the radio
broadcasters of Manobo FM Malang. And many other descriptive studies
illustrate the change of language variety for a particular program on
Indonesian radio channels (Yuliati, 2004; Farikhah, 2005). Though Hong
Kong displays similar bilingual and multilingual characteristics, apart from
Zhang’s (2005) study of language alternation between Putonghua and
Cantonese in a radio phone-in program in Shenzhen, there is no research on
the code choice between Cantonese and English that bears similar
resemblance has been carried out in the domain of Hong Kong radio
announcers.

Third, Ayeomoni, M.O. 2006. *Code Switching And Code Mixing Style*
*Of Language Use In Childhood In Yoruba Speech Community*. The results
obtained from this study indicated the implication is that, since both
phenomena correlate positively with the educational attainment of individuals.
So through the questionnaire administered on fifty respondents of the target
population, this researcher can establish that the average child of the

---

canting by dian nuranindya.*” Semarang. 2011. P 1
community starts to become bilingual from the primary school stage of his education.\textsuperscript{36}

Based on three previous studies above, the researcher find out that code switching and code mixing is very important in social community. So the researcher try to analysis code switching and code mixing by used radio announcer and try to find something new in the research it is about teachers’ and how code switching and code mixing used radio announcer IAIN Bengkulu. The object of this research is announcers at L-bass radio 96, 7 MHz IAIN Bengkulu.

CHAPTER III

RESEARCH METHOD

A. Design of Research

Qualitative methods involve a research describing kinds of the characteristic of people or events without comparing events in terms of measurements or amount by Thomas. According to Lodico qualitative research is the research that focus on the study of social phenomena and on giving voice to the feelings and perceptions of the participants under study, this is based on the belief that knowledge is derived from the social setting and that understanding social knowledge is a legitimate scientific process. The design of this research is descriptive research with qualitative approach. This research use qualitative approach it means that the data collected is not in the form of number, but the data derived from individual interviews, personal documents, record memos, and other official documents.

Descriptive research provides an answer to questions of how something happened and who is involve. According Sugiono that descriptive analysis research use analysis of data, by bring the date together, the classified them to into two kinds of data as qualitative and quantitative date. Gay says if descriptive research and also called survey research is considered appropriate for describing the present condition of the research .subject based

on the assertion. Influence what TV program, radio announcer, and the types of automobiles that will be produced. Based on the definition in analyzing data had been collected, the researcher uses descriptive qualitative because the researcher did not only of data, but also did the analysis of data and made conclusions from the data collected. This research will describe how is code switching and code mixing used by radio announcers at L-Bass radio 96, 7 MHz IAIN Bengkulu.

B. Source of Data

As place to collect the data and information, the researcher chooses L-bass radio 96, 7 MHz at IAIN Bengkulu. The sources of data were taken data from announcers IAIN Bengkulu. The data are taken four times for one moon at program Wednesday “Fun with English” precisely 16.00 – 17.30 pm, to get enough information. Each scene consists of some utterances and then they are analyzed based on the types of code switching and code mixing based on Hoffman's theory. So every utterance spoken by all announcers became the sources for writer to be analyzed.

C. Instrument of the Research

According to Sugiyono S instrument is a tool or a research facility used by researchers in the collecting data to work easier and the results better. In the sense that more carefully, complete and systematic so that easily processed. So instrument in this research used tape recorder to record

---

announcers when speaking when they present radio program Wednesday “fun with language” at L-Bass radio 96, 7 MHz IAIN Bengkulu. From that reordering, the research got the transcription and analysis code switching and code mixing who shoes radio L-bass FM.

D. Techniques for Collecting Data

By using audio recording the data were collected in this research. The research also listen the program about four times in one moon for announcers. The data was taken four times for one moon, in order to get enough information of the program. When a program is presented, the researcher would record the audio it. Beside that researcher used techniques of data collection In terms of the way or data collection techniques, the data collection techniques as follows:

a. Observation

According to Winarno observation is data collect where the researcher takes directly observation (without tolls) technique of data collection will be conducted to see firsthand how the announcer techniques applied in English for listener and to observe directly how is code switching and code mixing by used announcer at L-bass radio 96, 7 MHz IAIN Bengkulu.

b. Interview

Winarno say that interview is directly communication between researcher and subject.\(^{41}\) So interview is a process of interaction, dialogue, question and answer verbally committed by two or more

\(^{41}\) Nofi Setia Wardani. *Code switching and the factor for changing code used by the announcers of suara semarang radio*. Semarang Universitas Diponogoro. 2007. p 25
persons directly to obtain the required information. The targeted interviews conducted by researchers directly are: Announcers. Information to be excavated is about how much announcer using code switching and code mixing.

c. Documentation

Documentation is a technique of data collection by gathering and analyzing documents, whether written documents, pictures, and electronic. To complete the data researcher would analysis the how many kinds of code switching and code mixing speaking by announcer. The researcher used this method to obtain document which to related to this researcher,

E. Technique For Analysis Data

1. The data of audio recording will put in the form of transcription

2. Transcription of audio recording will select in order to get the transcription of the conversations of announcer only.

4. Arrange the concept of analysis

5. Make percentage, of types of code switching and code mixing from announcers conversations the researcher the following formulation from Arikunto.S 42

Remark:

\[
P = \frac{F}{N} \times 100\%
\]

P = the percentage of code mixing

F = frequency of code mixing on the speech utterance

N = sample (the total words/sentences used by the host)

6. Make conclusion

---

CHAPTER IV
RESULT AND DISCUSSION

A. Result

In this chapter, the result of analysis of code switching and code mixing used by radio announcer at L-bass radio 96.7 Fm IAIN Bengkulu. The data were taken from observation tally sheet and recording that was done from May 16, 2016 until June 16, 2016. From the schedules of the research, the researcher did the observation four. The data of this research was collected and analysis to get mean, frequency and percentage. The result of this research was described into three types from code switching and three types from code mixing. First types of code switching those are intra-sentential switching, inter-sentential switching, and emblematic switching. Second types of code mixing those are intra-lexical code mixing, establishing continuity with the previous speaker, and involving a change of pronunciation.

After the researcher made a transcript, the researcher analyzed announcers’ conversation on each Wednesday on Hoffman by putting a code at each particular conversation and its explanation. After the researcher made a transcript, the researcher analyzed announcers’ conversation on each Wednesday by putting a code at each particular conversations and its explanation.

First, the researcher showed summary result of three types of code switching where analyzed, interpretation and discussion as follows:
1. Code Switching
   a. Intra Sentential

   Based on the data analysis there were numbers of intra-sentential code switching (see table 6.1)

   **Table 6.1**

</tr>
</tbody>
</table>
Alan: bahkan kamu harus targetkan 160 standarnya karena event thought we make 149 atau 149,5 mungkin ada komanya itu tetap tidak diterima itu akan mendapatkan semacam minus poin

Alan: and than lets go back the topik today about IELTS dan tadi sudah kita a.. komentari mengenai writing ya,, hem

Alan: Reading di IELTS berbeda sekali dengan reading TOEFL ya.. Mengapa? Kalau reading TOEFL itu kita bisa memprediksi pertanyaan nya seperti what is the mean topik, what is synonim word the paragraf one , what does it mean seperti itu ya

Alan: betul sekali ya, dan kedua adalah menanyakan kabar contohnya good morning ledies and gantelment, and than good morning I hope you are good condition in this morning atau good afternoon juga bisa sesuai dengan kodisi.

Alan: na itu, we are the language academic you know? Academic jadi sesuatu mungkin berhubungan dengan pendidikan seperti itu

Alan: jadi disesi pertama ini atau part
pertama kalian akan diminta menceritakan tentang dirimu dan keluarga mu dan tentang keseharian biasanya gitu. Jadi kamu harus benar–benar you know? this is general information about you, ini benar-benar informasi tentang kamu

Alan : so you has familiar with british english itself, jadi itu adalah tips terbaik yang kita sampaikan di listening IELTS ini

| 3 | Wednesday June 1th 2016 16.00 – 17.00 | Alan: assalamu’alaikum Wr. Wb 97 point 6 Setia Diudara Indah Dihati come back with us in Fun With English special program alright, I no one here because here be beautiful women yang sedang bersama saya

Alan: We will back after this mounth. Iya nanti kita akan kembali satu bulan setelah ini alright

Alan: haha egak apa-apa, because belajar itu semuanya mulai dari susah dulu dan recan setia mungkin dari kalian ada yang ikut bertanya. How is a god speech and no nervous when persentation. Bagaimana berpidato yang baik dan tidak gugup saat tampil

Alan: haha egak apa-apa, because
belajar itu semua mulai dari susah dulu dan recan setia mungkin dari kalian ada yang ikut bertanya. *How is god speech and no nerves when persentation.* Bagaimana berpidato yang baik dan tidak gugup saat tampil

Alan: oke dalam berpidato bahasa inggris harus lah memuat beberapa poin penting yaitu recan setia beri salam, rasa syukur, rasa terimakasih, perkenalan diri pembukaan dan *continue explanation* nya karena ada 9 langkah

Alan: ya those is single special from Justin Beber, for you. I love this song and I think this song back my memories *when I was senior hight school, after request this song every day* dan karena lagu ini bagus banget make happen in there maknanya bagus banget

Alan: kembali di 96 point 7 this last our section. Saya ingin mengucapakan selamat hari Pancasila.

From the table above, it indicated that the intra sentential code switching was found in the radio L-bass 97.6 fm IAIN Bengkulu. The most frequent was in Wednesday May 25th 2016 precisely 16.00-17.00 pm. Then it was followed on June 1th 2016. From the data above, it
could be concluded that the intra sentential switching appeared in almost every program **Fun with English**.

**b. Inter Sentential Code Switching**

Based on the data analysis there were numbers of inter sentential code switching (see table 6.2)

<table>
<thead>
<tr>

| 1  | Wednesday May 18th 2016 16.00 – 17.00 | Destri sebuah lagu for you what do you means from Justin Biber so don’t go anywhere keep stay on 96 point 7 fm Setia di Udara Indah Dihati  

Destri: ok recan setia L-bass balik lagi tentunya masih di 97 point 6 fm setia diudara indah dihati oke our topic this afternoon is about situs situs belajar bahasa inggris. Reading (membaca articles) ok ini adalah cara to learn english language with three types to make more easier belajar bahasa inggris  

Destri : ok so ternyata belajar bahasa inggris itu, enggak harus kita masuk diuniversitas memang mengambil jurusan bahasa inggris and we didn’t follow kursus ketempat tempat les atau ketempat privat and than we can learn English, trough situs situs yang ada diinternet karena sekarang sudah bnayak situs situs tersedia for learning |
English, na situs situs ini membantu kita proses belajar example you can watching di youtube so pasti banyak video yang membahas proses belajar baik itu dari grammar, writing dan lain-lain

Davit : oke lanjut pada second fun easy english ini adalah topics yang fokus pada pengetahuan bahasa inggris especially focus pada pronouncation, grammar, idom, sleng, seperti test dan banyak lagi so we must focus

Destri: so memang penting belajar bahasa inggris and I thinks very important nanti kita akan bahas lagi situs – situs yang membahas bahasa inggris namun before our break with single from Westlife my love, so don’t go anywhere kept stay on and

Davit : I hope you can join us in fun with english and shere about your idea atau bertanya di facebook kita radio L-bass IAIN Bengkulu and the next situs go.english.com Article
we can try test for teacher and studen even tersedianya untuk kita test

Davit: and for the three kinds, the first lang each. Focus in writting languge are, so it like a. When our take course and so much articel for study english to be easyer. Waw..
ada banyak berita atau bahasan yang ada di internet apalagi bagi kalian pengila belajar, and next articel from lifemocca.com

Davit: and than you can take banyak sekla dari informasi artikel bahasa ingris. So yuk improve english language and next you must have six menit for english language

2 Wednesday May 25th 2016 16.00 – 17.00

Alan: betul sekali kembali kita inggatkan bagi kalian yang ingin bisa coment in our facebook kita di radio L-bass IAIN Bengkulu atau sms di 0811…. Atau mungkin ada orang luar negeri yang sedang dengarin you can take us in 0811… we will back on 96 point 7 kept stay after on this Comercial.

Alan: destri disangka ibuk –ibuk, that oke here we are learning together. Iya kita sama-sama belajar, its no big deal for people actually I understand you understand let’s do together

Alan: jadi sony tadi bertanya mengenai TOEIC alright may I ask about IELTS dan di tanya TOEIC? And different TOEIC and IELTS gampang sekali alright if you want to try

Alan: dari siapa? Dari cotly dengan judul the sine. The song sweet to my best frieand he will back tomorrow from malang. Ini
cerita-ceritanya apa namanya lagu ini menceritakan tentang teman saya, specifknya lagi sahabat karib saya dia sangat senang sekali lagu ini dan special single khusus to you

Alan: ya di speaking test you will have twelve minit. And fourteen jadi kalian akan menghabiskan waktu 12-14 menit dan dijangka waktu tersebut kalian akan melalui three part, they are three you have three parts place if you join this test. Part one you wil answare question about you self and your family.

Alan: iya, tapi kalau saya master hukum ua jadi pertimbangan itu tidak terlalu besar or its not big deal so jadi dari beasiswa yang sudah saya lamar memang rata-rata mereka yang lulusan dari bahasa inggris memang lebih konsen itu lebih tinggi nilainya IELTS nya itu lebih tinggi biasanya seperti itu dan biasanya dianggap pengetahuan bahasa because languagae is important to communication. Betulkan?

3 Wednesday June 1\textsuperscript{th} 2016 16.00 – 17.00

Alan : 0811731760 zero, eight, one, one seven three one seven six zero kalian bisa sms aja, siapa taau diluar sana ada yang inggin belajar bahasa inggris, dan kita wait participant in this afternoon for you

Alan : selamat sore good afternoon
everyone please kept stay on 97 point 6 dan nanti kita akan berbagi cara belajar speech inggris because since doesn’t limet by age jadi belajar itu tidak dibatasi oleh usia oke

Alan: ok some part of speech seperti yang pertama tadi ada pengenalan diri, menanyakan kabar sebagai penyapaan untuk pengakraban diri ke audience kemudian mengucapkan rasa syukur dan personal and we will back again kept stay on 97 point 6 radio L-bass Fm setia diudara indah dihati. This song for you dari syakira Try everything

Alan : oke recan setia L-bass setia diudara indah dihati dan ini sebuah lagu dari Eva Considy yang berjudul it is doesn’t matter kamu cantik apa adanya for girl beautiful just you are dan kita lanjutkan ke tips ke tujuh ada apa ani

Alan: ok the last and kept stay in radio L-bass karena banyak program seru di bulan romadan ini. And thanks you so much again kept stay terus ya.

From the table above, it indicated that the inter sentential code switching were found in the radio L-bass 97.6 fm IAIN Bengkulu. The most frequent was in Wednesday May 18th 2016
precisely 16.00-13.00 pm. Then it was followed on May 25\textsuperscript{th} 2016. From the data above, it could be concluded that the inter sentential switching appeared almost in every program of Fun with English.

c. Establishing continuity with the previous speaker code switching

   Based on the data analysis there were numbers of establishing continuity with the previous speaker code switching formations (see table 6.3)

\begin{table} 
\centering
\begin{tabular}{|c|c|l|}
\hline
\textbf{No} & \textbf{Dates} & \textbf{The Sentence} \\
\hline
1 & Wednesday May 18\textsuperscript{th} 2016 16.00–17.00 & David: \textit{before our start we would say something to rektor, stap and all fans of radio L-bass iain bengkulu good afternoon atau selamat sore aja buat semuanya.} \\
 & & Destri : ya alright good afternoon \\
 & & David: \textit{disini kalian disuruh untuk menguagasi second languagae membaca articol. and every one to focus with for your vocabulary} \\
 & & Destri : yes alright in here you must focus on vocubulary \\
\hline
2 & Wednesday May 25\textsuperscript{th} 2016 16.00–17.00 & Alan: \textit{I'm fine really fun. I'm pround of about you, dan Came again with us in love editions this month because nexts week we will enter romadan. We will back after this month. Iya nanti kita akan kembali satu bulan setelah ini alright} \\
\hline
\end{tabular}
\caption{The Establishing continuity with the previous speaker code switching}
\end{table}
Ani : betul sekali recan setia

Alan: dan seperti yang diawal tadi kita akan give information about IELTS. What is IELTS my friend destri is much more know about this.

Destri: tentunya saya akan kasih tau haemm

Alan: tapi dalam penilaiannya msing-msing secara individual test seperti itu. Mungkin bagi anda yang tertarik untuk mengetahui IELTS itu seperti apa ya recan destri. Karena recant destri she is an English student

Destri : yes alright recan alan

Ani : ia untuk teman-teman PBI good afternoon dan jangan lupa ya gabungan sama kita

Alan: dan kami ucapakan selamat sore untuk cipitas IAIN Bengkulu

Alan : oke writing is the result t try to take IELTS not only about grammar but also same think like you know vocabulary atau hal sumber nya yang kecil sekali ya

Destri :kecil sekali ya dan

Alan : na cara gampang untuk membedakannya adalah gampang banget jika TOEIC digunakan saat kalian ingin bekerja diluar negeri, so some may be a few or not several companies need this sertificate.

Destri : waw that good information ya rekant setia L-bass apalagi yang ingin bekerja diluar negeri
Alan: and our agree with you. *To other if you have mind you can join and take us* in 0811... Or zero, eight...... atau bagi kalian yang ingin mengikuti jejak sony dwi anggara gimana caranya destri
Destri : di facebook kita ya di radio L-bass Bengkulu

| Wednesday  
| June 1\(^{th}\)  
| 2016  
| 16.00 –17.00 |

Alan: Benarkah menurutku not really, I think everything women are beautiful. *Good afternoon* ani dihari yang sore yang cerah
Ani: *good afternoon* alan, and how are you?

Alan : Dan kesempatan kali ini recan setia, *we will explanation* tips berpidato bahasa inggris
Ani : atau disebut juga speech

From the table above, it indicated that the Establishing continuity with the previous speaker code switching was found in the radio L-bass 97, 6 fm IAIN Bengkulu. The most frequent was in Wednesday May 25\(^{th}\) 2016 precisely 16.00-17.30 pm. Then it was followed May 18\(^{th}\) 2016 and June 1\(^{th}\) 2016. From the data above, it could be concluded that the Establishing continuity with the previous speaker switching appeared almost every program *Fun with English.*
2. Code Mixing
   a. Intra Sentential

Based on the data analysis there were numbers of intra sentential code mixing (see table 7.1)

| 1  | Wednesday May 18th 2016 16.00-17.00 | David: *good afternoon* atau selamat sore aja  
Destri: *Alright and good afternoon*  
Davit: *later we say about our topic*, saya mau mengingatkan kalian bisa gabungan di 97 point 6 fm radio L-bass  
Destri: kita mulai *our talking about spesipik topic about* setelah sebuah lagu ini  
Destri: sebuah lagu for you what do you means from justin biber *so don’t go anywhere kept stay on 97 point 6 fm* Setia di Udara Indah Dihati  
Destri: oke recan setia L-bass balik lagi tentunya masih di 96 point 7 fm Setia Diudara Indah Dihati *ok our topic this afternoon is about* situs-situs belajar bahasa inggris  
Davit: *ok first* dari pinit.com… |
Davit: *and frenet.com. the first it say focus in English learning, listen speaker from the different topic example audio player, so listen song atau menonton beberapa video yang berbahasa inggris*

Destri: *ok alright david…*

Davit: *ok lanjut pada second make fun easy english emmm …*

Destri: *And I think very important nanti kita akan…*

Davit: *oke this song buat pendengar…*

Destri: *ok destri with recan davit mengudang …*

Davit: *I hope you can join us fun with English and shere about your idea atau pertanyaan…*

Destri: *waw ini very intersting…*

Davit: *and than you can take banyak sekali dari….*

Davit: *yes alright….*

Destri: *nexs week kita akan temani kamu*

| 2 | Wednesday May 25th | Destri: *ok recan setia L-bass,* |
| 2016  
| 16.00–17.00 | 
| Alan: dan seperti yang diawal tadi kita akan give information about IELTS. 
| Destri: oke recan setia L-Bass IELTS ini a 
| Alan: Iya, for example 
| Alan: iya because this is the most difficult 
| Destri: iya….it is very important 
| Alan: ya. this is the most Important think System 
| Alan: dan di test one ini atau di writing 
| Alan: bahkan kamu harus targetkan 160 sebagai standarnya karena event thought we make 
| Alan: termasuk juga di task dua di writting test ini recan destri… 
| Alan: disini kita biasanya diminta untuk menjelaskan kind of flag grafik… 
| Destri: yes alright recan alan 
| Alan: ok that was everything from Ariana Granday selamat mendengarkan 
| Destri: dan she is my favorite singer |
Alan: *You know what coming from the sky* betul sekali ya

Alan: *and then lets go back the topik, today about IELTS dan tadi sudah*

Alan: sedang dengarin *you can take us in 0811*

Alan: ya seperti itu contohnya test dari pada reading kalian bisa lihat *some website you can make much more to be easier to learn English*

Destri: *Oke rekan* setia L-bass kita akan bacain

Destri: Mr alan *what is heem*

Destri: iya *What the difference between toeic with IELTS test*

Destri: oh ya I’m singgle

Alan: destri disangka ibuk –ibuk, *that ok here we are learning together*

Alan: gampang lah pokoknya dan untuk sony dwi anggara *thanks you so much for stay and comment in our facebook*

Alan: jadi sony tadi bertanya mengeai TOEIC *alright may I ask about IELTS dan*
di tanya TOEIC

Destri : *so it different* sekali ya

Alan : gamapang banget jika TOEIC digunakan saat kalian ingin bekerja diluar negeri, *so some may be a few*

Destri : waw *that good information* ya rekan setia L-bass
Destri : *academik writing* ya

Alan: na itu, *we are the language academic you know?*

Alan : dia sangat senang sekali lagu ini dan *special single khusus to you*

Destri : *yes rekan* alan

Alan: *language is important to communication*. Betulkan?

Destri : *ok rekan* setia L-bass

Alan : *for you,*, jadi ingat song fatin

Alan : *so you has familiar with british English itself*, jadi itu adalah tips terbaik yang kita sampaikan di listening IELTS ini

From the table above, it indicated that the Involving a change of pronunciation code mixing was found in the radio L-bass 97.6 fm IAIN Bengkulu. The most frequent was in May 25th 2016. Then it was followed on May 18th 2016. From the data above, it could be concluded that the Involving a change of pronunciation code mixing every Wednesday in program Fun with English.

After collecting the data, the code switching and code mixing used announcers at L-bass 97.6 fm were classified into six types based on Hoffman. The data showed providing 47 code switching and 141 providing code mixing by conversation. After analyzing the data and determining the types of code switching and code mixing, the findings are presented as follows:

Chart 1: The Percentages of Types Code Switching

Based on the chart 1. The types of code switching, it is showed that both inter sentential and intra sentential was high, and establishing continuity with the previous speaker was low. It means that code switching was used and important.
The presentation types of code switching can be seen on the table 8.1 below:

**Table 8.1**
**The Percentage of Types code switching in May 18th through June 1st 2016**

<table>
<thead>

<td>6</td>
</tr>
<tr>
<td>3</td>
<td>Establishing continuity with the previous speaker</td>
<td>2</td>
<td>7</td>
</tr>
</tbody>
</table>

Best on the table above, the types of code switching intra sentential that the announcer of their conversation did the first observation was 2 frequencies, and in second observation were 8 frequencies than the last observation was 6 frequencies with percentage 36.18%. It means that the announcers were got the high frequencies at the second observation.

The types of code switching inter sentential that the announcer of their utterance did the first observation was 9 frequencies, and in second observation were 6 frequencies than the last observation was 5 frequencies with percentage 40.42%. It means that the announcer was got the high frequencies at the first observation.

Than the types of code switching Establishing continuity with the previous speaker that the announcer of their conversations did the first observation was 2 frequencies, and in second observation were 7
frequencies than the last observation was 2 frequencies with percentage 23, 40%. It means that the announcer was got the high frequencies at the second observation.

The average from the types of code switching first observation the research was 12 frequencies and second observation was 21 frequencies than the last observation was 15 frequencies. From the above showed that 36, 18 % of the intra-sentential code switching is high and 40, 42 % inter-sentential and only 23, 40 % Establishing continuity with the previous speaker.

Than the presentation of code mixing by used radio announcer at L-Bass IAIN Bengkulu.

</tr>
</tbody>
</table>

Best on the table above, the types of code mixing intra sentential that the announcer of their utterance did the first observation was 18 frequencies, and in second observation were 36 frequencies than the last observation was 32 frequencies with percentage 53.41%. It means that the announcers were got the high frequencies at the second observation.

The types of code switching intra lexical that the announcer of their utterance did the first observation was 3 frequencies, and in second observation were 10 frequencies than the last observation was 16 frequencies with percentage 18.02%. It means that the announcer was got the hight frequencies at the last observation.

Than the types of code mixing involving a change of pronunciation that the announcer of their conversations did the first observation was 9 frequencies, and in second observation were 23 frequencies than the last observation was 14 frequencies with percentage
28, 57%. It means that the announcer was got the high frequencies at the second observation.

The average from the types of code mixing first observation the research was 30 frequencies and second observation was 69 frequencies than the last observation was 62 frequencies. It means that the announcer were got the high frequencies at the second observation with reason at the second observation announcer do more conversation with percentage 100%. The high percentage from observation types of code mixing is intra-lexical because the announcers’ was used informal language of mixing sentence Indonesia to English, or English to Indonesia to make them easier to communication.

B. Discussion

Types of Code Switching

a. Intra Sentential Code Switching

According to Hoffman Intra sentential is one of types code switching occurs between clause or sentence boundary, where each clause or sentence is in one language or other. Wardhaugh code switching found in the utterance of radio L-bass announcer is categorized as intra-sentential because the switching occurs within a single sentence in a single person conversation as below:

(Davit: later we say about our topic, saya mau mengingatkan kalian bisa gabungan di 97 point 6 fm radio L-bass or you can join us di facebook radio L-bass IAIN Bengkulu or you can sand massage in 0811 (Appendix 4)
In the utterance above, the italic typing is spoken in Indonesia. In this utterance the announcer switches from English to Indonesia then switches again to English. During the program, the switching mostly occurs in kind of this.

b. Inter sentential code switching

According to Hoffman Inter sentential is one of types code switching occurs between clause or sentence boundary, where each clause or sentence is in one language or other. Wardhaugh also explains that inter-sentential code switching occurs when the switching occurs between sentences. Below is the example of code switching in this type:

Alan: betul sekali kembali kita inggatkan bagi kalian yang ingin bergabung kalian bisa comment in our facebook kita di radio L-bass IAIN bengkulu atau sms di 0811… . Atau mungkin ada orang luar negeri yang sedang dengar in you can take us in 0811… we will back on 96 point 7 kept stay after on this commercial. That for you Lucy from. (Appendix 6)

This type of switching occurs as the announcer switches form Indonesian to English in different sentences. In the first sentence the announcer uses Indonesian then mixes to some English language. Later, in the next utterance she uses full English to the listener. Thus, this type of switching is called inter-sentential code switching. The process of switching from Indonesian into English were analyzed as inter sentential code switching, because
the process involves a switch of clause or sentence boundary, where each clause or sentence is in one language or another.

c. Establishing continuity with the previous speaker

According to Hoffman, establishing continuity with the previous speaker's code switching occurs to continue the utterance of the previous speaker, as when one Indonesian speaker speaks in English and then the other speaker tries to respond in English also.

Alan: dan kesempatan kali ini recan setia, we will explanation about tips berbicara bahasa Inggris (Appendix 6)

Ani: atau disebut juga speech (Appendix 8)

In the utterance above, the italic typing is spoken in Indonesia. In this utterance the announcer switches from English to Indonesia then other speaker to respond in speak Indonesia.

1. Types of code mixing

a. Intra-sentential code mixing

According to Hoffman, intra-sentential code mixing occurs within a phrase, a clause or a sentence boundary. It means that in intra-sentential mixes sentence Indonesia to English, or English to Indonesia.

Davit: good afternoon atau selamat sore aja (Appendix 7)

Alan: sedang dengarin you can take us in 0811... (Appendix 9)

In the utterance above, the italic typing is spoken in English. In this utterance the announcer mixes from English to Indonesia.
b. Intra lexical code mixing

According to Hoffman occurs within a word boundary, such as in speaker English Shop with the Indonesia. It means that mixes word continue to another language.

Alan: Mau *morning* aja brasa pagi ini solanya (*Appendix 7*)

Ani: oh ya *really* (*Appendix 9*)

In the utterance above, the italic typing is spoke in English to Indonesia. Than mixes Indonesia to English.

c. Involving a change of pronunciation

According to Hoffman this kind of code mixing occurs at the phonological level, as when Indonesian people say an English word, but modify it to Indonesian phonological structure. For instance, the word. It means that it change of pronunciation with same meaning.

Destri: *rekan* setia L-bass balik lagi Ni tentunya (*Appendix 5*)

Desrti: *Oke* seprti yang destri bilang (*Appendix 7*)

In the conversation above, the italic typing is spoken in English but modify with Indonesia language.

**The Factors for Changing Code**

The writer found that the factors for changing the code are reflected by switching for some functions. The following are the functions of code switching:

First is switching as the intra-sentential For example
(1) Davit: later we say about our topic, *saya mau mengingatkan kalian bisa gabungan di* 96 point 7 fm radio L-bass or you can join us di facebook radion L-bass IAIN Bengkulu or you can sand massage in 0811.

(2) Alan: *and then let’s go back the topik today about IELTS* dan tadi sudah kita a. komentari mengenai writing ya, hem

The utterance (1) above indicates the switching which functions as intra-sentential since the announcer switches to English when she remembers the listeners. The announcer uses Indonesian two of the listeners then switches because she knows the listeners are local people. Thus she uses Indonesia in order to share her identity that she has the similar ethnic background to the listeners. According to Hoffman, in this case by using the tag the announcer shares the connection to the listeners of their similar ethnic background. The tag functions as solidarity marker between the announcer and the listener since it can reduce the social distance between the announcer and the listeners.

Second is switching inter-sentential. Destri: *so memang penting belajar bahasa inggris and I thinks very important nanti kita akan bahas lagi situs–situs yang membahas bahasa inggris namun before our break with single from Westcliffe my love, so don’t go anywhere kept stay on and*

As the writer has already mentioned above, the use of more standard form of Indonesian (formal Indonesian) functions to
emphasize that the topic is considered important. In addition the
topic used is not kind of everyday topic, so when the announcer
uses the formal Indonesian the listeners will pay more attention and
more concerned with the content.

As Hofman said that the establishing code switching
someone uses, the higher social s/he belongs two speakers.

Example: Alan: oke writing is the result I try to take IELTS not
only about grammar but also same think like you know vocabulary
atau hal sumber nya yang kecil sekali ya

Destri: kecil sekali ya dan

The announcer uses informal English and switches to
Indonesian because she has known to whom she is speaking in
terms of age and ethnic background. The word choices she uses
that indicates the social class which is lower social class because
she uses informal language, but it is meant to emphasize the topic

Actually, something happened because of a certain reason.
Code mixing also happened for some reasons. And here are the
reasons for that. Hoffman says that code mixing refers to all cases
where lexical items and grammatical features from 3 two languages
appear in one sentence. A speaker sometimes inserts pieces of
words from different language when he or she is talking with
someone in formal and informal situation.

The first is inter-sentential. Prestige shows the ability of
someone in using more than one language. For example, David:
later we say about our topic, saya mau mengingatkan kalian bisa gabungan di 97 point 6 fm radio L-bass. The announcers of Indonesia usually mixes his language to English when he gives speech.

The second is intra lexical. Code mixing can happen in all situations. Situation is a condition which is related to place and time. Place is a particular area where people do activity. Time is a period of time associated with particular events, people. For example: in a mosque, when an announcers give a lecture to listener.

For example: Alan :Mau morning aja brasa pagi ini solanya

The third is the lack of vocabulary. Sometimes, the people can’t find the appropriate word to say something because they have lack in their vocabulary. So, that’s why, sometimes the people use the word from another language to complete their sentence. For example: when two students are talking by using Indonesian Language, suddenly one of the speaker do code mixing by using Indonesia or other traditional language because he gets difficulty to say one word in Indonesian language.

Finally, from the analysis of the announcers used of code switching and code mixing in L-bass radio is not only used as entertainment, but also improve our knowledge and information’s about education. The announcers in bring the showed sometimes used code switching and code mixing that seem interesting and
updated to the listener. The Fun of English program contains a number of code switching and code mixing. For the reason also, code mixing that used in is interesting to be analyzed the data were collected from the notes of the conversation the announcers in ‘fun with English’ of L-bass radio 96.7 fm IAIN Bengkulu.

In other words, most people as speaker usually occupy more than one code and require a selected code as media communicate with other people. It other word, as bilingual people usually used their own idioms for in group communication and the common language for their traction and communication with outside.
CHAPTER V
CONCLUSION AND SUGGESTION

A. Conclusion

Best on the results of data analysis showed that the three types of code switching and three types of code mixing base on Hoffman theory. Types of code mixing was used by announcers conversation in radio L-bass Iain Bengkulu are intersentential code switching 36,18%, intra sentential code switching 40,42%, and Establishing continuity with the previous speaker switching 23,40%, and types of code mixing are intra – sentential 53,41%, intra lexical 18,02%, and Involving a change of pronunciation 28,57%.

B. Suggestion

The code switching and code mixing which is happen in Indonesia speakers, especially in radio announcers, are varied. It also showed many aspects, including the social class of the speakers. The ability to switch or to mix codes by turns in conversation is a very useful skill to make a good relationship in society or to get a better carrier the access for that will be larger if we master two or more languages. Since then, this interesting phenomenon was analyzed.

It is also suggested for teachers or lecturers of English education for used code switching and code mixing as to communication in classroom, it is can make communication more interesting and don’t monotonous. It also for students understand knowledge about code switching and code
mixing because since the number of bilingual community very interesting in the capacity of mastering languages.

SECTION
Appindex 1

Day : Wednesday
Date : May 18th 2016
Time : 16.00-17.0
Program : Fun with language
Announcers : Davit & Destri

Destri : Assalamu’alaikum wr. Wb. oke we will come back again with me destri hastari dan my fatner David in fun with English

Davit : before our star we would say something to rektor, stap and all fans of radio L-bass IAIN bengkulu good afternoon atau selamat sore aja

Destri : ya alright good afternoon

Davit : ehmm ehmmm (jeda/diam)

Destri : oke our topic today is

Davit : later we say about our topic, saya mau mengingatkan kalian bisa gabungan di 97 point 6 fm radio L-bass or you can join us di facebook radio L-bass IAIN bengkulu or you can sad massage in 0811

Destri : yes of course you can join us

Davit : ok kita star our talking about spesifik topic about setelah sebuah lagu ini

Destri: sebuah lagu for you what do you means from Justin Biber so don’t go anywhere keep stay on 97 point 6 fm setia di udara indah dihati

SONG (lagu diputar)

Destri: ok recan setia L-bass balik lagi tentunya masih di 97 point 6 fm Setia Diudara Indah Dihati oke our topic this afternoon is about situs situs belajar bahasa inggris

Davit : ok first dari pinit.com (Reading Artikel) ok ini adalah topik to learn English language with three type to make more easier belajar bahasa inggris

Destri : ok, so ternyata belajar bahasa

Inggris itu, enggak harus kita harus masuk diuniversitas memamang mengambil jurusan bahasa inggris and we didn’t follow kursus ketempat tempat les atau ketempat pripat and than we can learn English trough situs
situs yang ada di internet karena sekarang sudah banyak situs situs tersedia for learn english, na situs situs ini membantu kita proses belajar example you can watching di youtube so pasti banyak vidio yang membahas proses belajar baik itu dari grammar, writing dan lain-lain

Davit : and frenet.com the first sample it say focus in English learning leasen speaker from the diferent topic example audio player, so listen song atau menonton beberapa vidio yang berbahasa ingrris

Dstri: oke alright

Davit : ok lanjut pada second cycle fun easy English ini adah topic fucus pada pengetahuan bahasa ingris especially fokus pada prounouncation, grammar, idom, sleng, seperti test dan banyak lagi so we must focus

Destri : so memeng banyak ya situs – situs yang memang membahs tentang belajar bahasa ingris jadi so memang penting belajar bahasa inggris and I think very important nanti kita akan bahas lagi situs – situs yang membahas bahasa ingris namu before our break with singe from westlife my love, so don’t go anywhere keep stay on and

Davit : oke this song (what you come from rihanna)

SONG (lagu diputar)

Destri : oke rekan setia L-bass balik lagi ni tentunya, masih di 97 point 6 fm Setia Diudara Indah Dihati, ok destri with recan davit mengudang lagi partisipasinya buat recan setia L-bass tentunya, bisa reques dan bisa kksnya tentunya masih no kemaren juga di 08117319760 or lewat facebook kita radio L-bass IAIN bengkulu

Davit : I hope you can join us Fun With English and shere about your idea atau pertanyaan di facebook kita Radio L-bass iain bengkulu and the next situs go.eglish.com artikel we can try test for teacher and studen even tersedianya untu kita test

Destri: yes alright.

Davit: and for the three kind, the first lang each. Focus in wrriting languge, so it like. With our when take course and so much articel for study English to be easier. Waw.. ada banyak berita atau bahasan yang ada di internet apalagi bagi kalian penggila belajar, and next artikel from lifemocca.com

Dstri: lifemocca.com
Davit: the lifemocca is article about learning second language from communication.

Destri: waw ini very interesting alright.

Davit: disini kalian disuruh untuk menguasai second language artikel .. and every one to focus with for your vocabulary.

Destri: yes alright in here you must focus on vocabulary.

Davit: and than you can take banyak sekali dari informasi dari artikel bahasa Inggris. So yuk improve English language and next you must have six menit for English language.

Destri: so itu adalah sebagian info info tentang situs situs yang mempelajari atau membahas info about belajar bahasa Inggris. So, kita undang lagi buat kamu untuk recan setia L-bass untuk partisipasinya lewat facebook kita dan buat kksnya dan juga, ok kita balik lagi ada satu singgle what like you do.

SONG (lagu diputar)

Destri: oke recan setia L-bass balik lagi ni masih di radio L-bass Fm dan sudah kita dengarkan satu single dari Ellie Gouldig, dan tadi kita sudah membahas semua artikel tentang belajar bahasa Inggrisnya.

Davit: yes alright (recan destri)

Destri: oke itu beberapa situs yang tempat belajar online bahasa Inggris ya, next week kita akan temani lagi. Tetep di radio L-bass Setia Diudara Indah Dihati.
Appendix 2

Day : Wednesday  
Date : May 18\textsuperscript{th} 2016  
Time : 16.00-17.30  
Program : Fun with language  
Announcers : Alan & Destri  

SONG… (lagu diputar)  

Destri : ok rekan setia L-bass, balik lagi ni tentunya masih di 96 point 7 radio L-bass Fm Setia Diudara Indah Dihati.  

Alan : Iya haem,,, dan tentunya kita seneng sekali ya ! Pada kesempatan hari ini karena ada penyiar yang spesial dan juga tamu yang special.  

Destri : Itu betul sekali  

Alan : And our say happy listening for people lisen for us in this beautiful aftermath. Mau morning aja berasa pagi ini solanya.  

Destri : kebiasaan siaran di pagi soalnya.  

Destri/Alan : hahahaha  

Alan : kurang lebih seperti itu yan  

Destri : heem.. heemmm  

Alan : Dan seperti yang diawal tadi kita akan give information about IELTS. What is IELTS my friend destri is much more know about this.  

Destri: tentunya saya akan kasih tau haem  

Alan : Iya silahkan recan destri apa sih yang disebut dengan IELTS. Saya juga penasaran ni!  

Destri : Oke recan setia L-bass IELTS ini adalah test emapat keterampilan bahasa Inggris heemm. Seperti Menyimak, Mambaca, Manulis, Berbicara dan menetapkan standar untuk test bahasa. Iyak kalau di Indonesia itu seperti test UKBI (Uji Kemahiran Bahasa Indonesia) iyakan?  

Alan : Iya… ini sama dengan heem (diam). Mungkin kalau kalian yang tahu, apa namanya a TOEFL  

Destri : Iyak benar sekali
Alan : Atau contohnya tadi yang sudah disebutkan oleh recan Destri, semacam UKBI (Uji Kemahiran Bahasa Indonesia) asik.. dan saya tebawa-bawa seperti apa?.

Destri : heemm (diam)

Destri : Heem (diam) Berarti ini sangat penting saat kita mau melanjutakan Study

Alan : Dan IELTS ini adalah syarat wajib yang harus dipenuhi

Destri : Dipenuhi ya..

Alan : Iya, for example recan Destri when go to Amerika, Singapura, atau pun ya sekedar jepang sperti itu

Destri : Ke negara tetangga kan hahahahaha (tertawa)

Alan : Dan ada juga negara yang tidak menggunakan IELTS. Dan ada beberapa negara yang menggunakan IELTS seperti Australia, Inggris dan sperti beberapa dataran Eropa lainnya yang menggunakan IELTS

Destri : Jadi tidak semua negara-negara yang menggunakan test IELTS iyakan?

Alan : Iya negara tertentu saja Gitu

Destri : heemmm heemmm (diam)

Alan : Dan IELS itu sperti apa recan Destri

MUSIK (lagu diputar)

Destri : Oke, seperti yang Destri bilang tadi ya kalau IELTS itu adalah keterampilan berbahasa seperti kita Menyimak, Menulis, Membca dan Berbicara jadi itu apa ya? Gimana sih gambarannya ya…?

Alan : Iya … jadi IELTS itu adalah uji keempat keterampilan ya seperti recan destri utarakan tadi. Tapi dalam bahasa Inggris ada writing, listening, reading, and speaking ya seperti itu.

Dan titahap awal ini kita akan menceritakan tentang writing terlebih dahulu karena ini merupakan skill
Destri : skill bahasa Inggris

Alan : Iya because this the most difficult skill ever in IELTS test

Destri : Iya it is very important

Alan : Ya this is the most Importand think jadi, di writing skill atau disesi test writing ini nanti recan setia akan mendapatkan waktu sekitar satu jam dimana akan dibagi menjadi tiga sesi. Emm.. maaf dua sesi. Sesi yang pertama recan setia akan diminta untuk menulis tulisan atau test one namanya. Test one biasanya berupa menulis surat atau pun menulis apa namanya sejenis kata-kata pengantar seperti ita ya. Benar-benar masih simple sekali kalau ditest one ini.

Destri : Iyak (rekan alan)

Alan : Dan di test one ini atau di writing task one ini pesertanya hanya diminta menulis tulishan dengan standar 150 kata. Jadi harus lebih dari 150. Jadi inggat lebih dari 150 kata untuk task one ya..! kemudian di task dua atau disescond task akan diberi kesempat sama dengan waktu task one tapi disini bedanya kalau tadi 150 kata, kalau ditast two harus 250 kata itu untuk easay kedua.

Destri : Oke harus lebih dari 150 kata ya kak.

Alan : Bahkan kamu harus targetkan 160 standarnya karena even thought we make 149 atau 149,5 mungkin ada komanya itu tetap tidak diterima, itu akan mendapatkan semacam minus poin .

Destri : Oke pengurangan poin ya..

Alan : Ya pengurangan poin, lebih egak apa-apa. Tapi jangan sekali – kali kurang dari 150 kata seperti itu.

Destri : heemm (diam)

Alan : Termasuk juga di task dua di writing test ini rekan Destri.

Destri : iya (rekan alan)

Alan : Bahwa 250 kata merupakan dominan standar evaluation bagi klaian yang ingin ikut test ini tadi. Ingat ya 250 kata itu merupakan bentuk dari test kedua atau easay contohnya

Destri : Heemm (diama)

Alan : Disini kita biasanya diminta untuk menjelaskan kind of flag grafik, you now seperti grafik ataupun bord atau semacam apa itu diagram kayak gitu. Kita harus menjelaskan dalam bentuk kata kata jadi di test kedua ini rekan Destri all of energy and sprit to talk mungkin kita harus benar benar berfikir
Destri : Oke seperti itu

Alan : Na seperti itu..! dan setiap skill IELTS? Dari keempat skill tadi mempunyai skor masing – masing yaitu 1- 9

Destri : tapi…

Alan : tapi dalam pencilaianannya masing-masing secara individual test seperti itu. Mungkin bagi anda yang tertarik untuk mengetahui IELTS itu seperti apa ? ya rekan Destri. Karena rekan Destri she is an English student

Destri : yes alright rekan alan!

Alan : I think English student shoud be really dealy mitted stap karena IELTS and TOEFL ya,Itu sesuatu seperti itu.

Destri : Oke dan kita udang ni untuk participasinya buat rekan setia L-Bass tentunya maish di 08117319760 atau di facebook kita di L-bass IAIN bengkulu.

Alan : Bengkulu, betul sekali ni kita menyediakan belajar bahasa gratis tis tis

Destri : gratis ya?

Alan : Belajar bahasaa Inggris gratis tis tis

Destri : haem (diam)

Alan : Egak pakai bayaran………

Destri : Tanpa pemunggutan

Alan : Iya .. tanpa pemunggutan. Iya betul sekali ya

Musik (lagu diputar)

Alan : Oke writing is the result consert try to take IELTS not only about grammar but also same think like you know vocabulary atau hal sumber nya yang kecil sekali ya

Destri : Kecil sekali ya dan

Alan : kecil sekali ya di perhatikan

Destri : Diperhatikan dan sebenarnya ini sulit-sulit dipahami. Heem

Alan : Misalnya seperti apa ya.. rekan destri

Destri : kayak penulisan nama-nama negara alamat itu juga penting dan terkadang kita spele kan hal kecil itu kita abaikan
Alan : Betul sakali ya, jadi seperti itu ya rekan destri seperti nama negara, nama orang atau pun nama tempat yang dibiasakan dengan vocabu leader

Destri : Yes (rekan alan)

Alan : Jadi menggunakan huruf kapital, na walaupun hal kecil dengan penggunaan huruf kapital diawal kalimat atau nama orang, nama negara itu penting sekali

Destri : Iya (rekan alan)

Alan : karena kita berhubungan dengan menulis

Destri : Heemmm (diam)

Alan : Ada istilah, ya speaking language sama dengan writing language atau ada juga istilah bahasa tulisan berbeda dengan berbicara karena bicara itu verbal, seperti itu ! Jadi usahakan perhatikan hal-hal walaupun itu kecil

Destri : Tapi terkadang kita menyepelekan hal spele, ya memang seperti itu. Memang terabaikan?

Alan : ya betul itu bisa menjadi apa namanya. Emm apa namanya menjadi nilai minus dalam IELTS, karena yang mereka minta benar – benar academik writing. Itu yang harus di perhatikan penulisan secara academik minimal jadi jangan asalan saja. Misalnya tulisan nama Destri D memakai huruf kecil (D), A memakai huruf besar (a)

Destri : D nya kecil (d)

Alan : kemudian R nya besar (R)

Destri : kayak anak kelas satu SD dong, anak SD

Alan : Dan ngacak-ngacak donk, dan itu juga kita sudah tau tidak tepat jadi hal-hal kecil seperti itu tetap harus diperhatikan

Destri : Diperhatikan

Alan : Betul sekali, kembali kita inggatkan bagi kalian yang ingin bergabung kalian bisa comen di facebook kita di radio L-bass IAIN bengkulu atau sms di 0811…. Atau mungkin ada orang luar negeri yang sedang dengarin you can take us in 0811… we will back on 96 point 7 kept stay after on this komercial. That for you lucy from (…….)

MUSIK (lagu diputar)

Alan : Ok, That wash everything from Ariana Granday selamat mendengarkan
Destri : heemmm (diam)
Alan : She is beautiful girl
Destri : Dan she is my favorite singer
Alan : Really (recan destri)
Destri : yes (recan alan)
Alan : Waw I think so amazing destri. Haha (tertawa) because really. You know? What coming from the sky betul sekali ya
Destri : Heemm (diam)
Alan : And than lets go back the topik today about IELTS dan tadi sudah kita comentar mengenai writing ya,, hem
Alan : alright so, haha something funny in here
Destri : ya (recan alan)
Alan : oke kita tadi membahas sedikit mengenai writing
Destri : ya writing
Alan : ya this good section to be discustion about reading
Destri : iya betul sakali
Alan : Kalau tadi kita sudah membahas tentang writing, tapi sekarang kita membahas tentang reading. Apa itu rading, kalau writing menulis na kalau reading apa…?
Destri : Reading ya membaca hahaha
Alan : Iya membaca
Destri : Reading is important in learning in english language ya alright
Alan : Ya sure
Destri : Hening… gitu kayak Destri siaran sendiri
Alan : Iya jadi di sesi ini kita membahas mengenai reading. Reading itu dalam bahasa Indonesia artinya speaking … eh speaking
Destri : Ya speaking hehhe (pengulangan kata)
Alan : Ya maksud saya membaca ya! Membaca di reading terdapat tiga teks bacaan dan pertanyaan dan pencampuran

Destri : Heem (diam)

Alan : Saya pernah ikut IELTS test treaining itu dibebapra waktu yang lalu, jadi ada beberapa contoh reading. Reading di IELTS berbeda sekali dengan reading TOEFL ya.. mengapa? Kalau reading TOEFL itu kita bisa memprediksi pertanyaan nya seperti what is the mean topik, what is synonim word the paragraf one , what does it mean seperti itu ya

Destri : haha

Alan : atau contohny soal-soal seperti ujian nasional soal bahasa inggris di TOEFL, tapi kalau di IELTS ini kita benar-benar engak tertera soalnya. Jadi soalnya itu bisa semacam adu tekt panjang

Destri : Heemm (diam)

Alan : Ya kemudian apa ya? kita enggak jarang kalau disuruh menentukan mean idea atau seperti apa gitu, kalau di TOEFL biasanya kita disuruh menlengkapi teks. Jadi ada teks terus dikosongkan gitu dan kamu nanti kita menjawab dilembar jawabab itu, biasnya ad piiha A sampai D

Destri : Heem heem…

Alan : jadi kalau di IELTS pilihanya A-C saja ya kalau saya tidak salah, pokonya lumayan rumitlah di IELTS itu

Destri : Haha berbelit belit ya kak

Alan : Berbelit-belit banget gitu dan juga soalnya tidak dapat diprediksi, dan menurut saya soalnya hampir sama tapi jawabannya saja yang berbeda

Destri : heem (diam)

Alan : Na di IELTS ini biasanya satu test tu bisa berbeda-beda dengan yang lain

Destri : Ok (recan alan)

Alan : Ya seperti itu contoh nya test dari pada reading kalian bisa lihat some website you can make much more to be easier to learn English

Destri : Iyak (recan alan)

Alan : To understand about IELTS itselft
Destri : Karena banyak materi-materi yang tersearching ini ya digoogle

Alan : Oh ya mbah google

Destri : Heem (diam)

Alan : Karena mbah google itu adalah mbah para mahasiswa

Destri : Iya betul sekali

Alan : Ya jujur aja rekan Destri,

Destri : Karena diketik sedikit nampil, diketik sedikit nampil

Alaan : Betu-betul, iya sangat menyenangkan ya berteman sama mbah google atau pun om google

Destri : Salam deh pada om google sore ini. Oke rekant setia L-bass kita akan bacain komentar yang sudah masuk di facebook kita diradio L-bass IAIN bengkulu. Ada siapa ni. Oke Sony Dwi Anggara Assallamualaikum mr alan, mrs destry well so glad i could join you with another lesson.. Actually for Ielts section.. Hmm mr alan may I ask about IELTS.?? I had been listen about TOEIC hmmm what is TOEIC?

Alan : Mrs iya

Destri : Mr alan what is heem

Alan : What is (rekan destri)

Destri : Iya What the different between toeic with IELTS test?? Big thanks Mr Alan, miss Destry wassallam

Alan : Wa’alaikumsallam wr. wb sebelum kita masuk ke ke TOEIC . kita mau mengingatkan saja buat seluruh rekan setia L-Bass dimana pun berada bahwa kalau kita menggunakan Mrs itu tandanya di sudah menikah

Destri : Oh ya I’m singgle

Alan : Makanya saya tertawa tadi

Destri : Iyah

Alan : Destri disangka ibuk –ibuk, that ok here we are learning together. Iya kita sama-sama belajar, it no big deal for people actually I understand you understand let’s do together

Destri : Understand (rekan alan)
Alan : Gampang lah pokoknya dan untuk sony dwi anggara thanks you so much for stay and comment in our facebook

Destri : iya (rekan alan )

Alan : Jadi sony tadi bertanyai mengeai TOEIC alright may I ask about IELTS dan di tanya TOEIC? And diferent TOEIC and IELTS gampang sekali alright

Destri : pasti bisa ni rekan alan

Alan : iya pasti bisa. Jadi bedanya TOEIC dari test yang lain yaitu TOEIC itu adalah test untuk mengukur kemampuan bahasa inggris sebagai alat komunikasi dilingkungan global

Destri : so it different sekali ya

Alan : jadi keduanya adalah sama-sama test kemahiran bahasa inggris, tapi kalaut TOEFL atau IELTS untuk mengukur kemampuan bahasa inggris sebagai bahasa pengantar dalam proses education

Destri : iya berati kalau sama-sama untuk kemahiran bahasa

Alan : na cara gampang untuk memedakannya adalah gampang banget, jika TOEIC digunkan saat kalian ingin bekerja diluar negeri, so some may be a few or not several companies need this sertificate.

Destri : Waw that good information ya rekan setia L-bass apalagi yang ingin bekerja diluar negeri

Alan : Iya rekan destri, jadi TOEIC ini digunakan hanya untuk melamar pekerjaan karena yang di concern kan itu hanya komunikasi sosiol

Destri : Jadi itu antara perbedaan antara TOEFL dan IELTS dengan TOEIC

Alan : Na itu bedanya kalau IELTS and TOEFL itu pendidikan

Destri : Pendidikan ya, sebagai pengantarnya ya!

Alan : Ya betul sekali sebagai bahasa pengantar untuk pendidikan, gitu dan biasanya tingkat test nya lebih berat or sulit, ingat ya lebih berat test IELTS dan TOEFL dibandingkan TOEIC itu sendiri, karena bahasa IELTS dan TOEFL adalah bahasa yang seperti diawal yaitu academic writing

Destri : Academic writing ya

Alan : Na itu, we are the language academic you know ? Academic stap jadi sesuatu mungkin berhubungan dengan pendidikan seperti itu.
Destri: Iya pendidikan

Alan: Na pendidikan, misalakan kita mau mencoba melamar beasiswa maka yang harus disertakan TOEIC na TOEIC lagi

Destri: TOEIC (ya recan alan)

Alan/destri: TOEFL atau IELTS recan setia L-bass

Alan: kalau TOEIC tidak diterima karena kita tidak mau kerja gitu

Destri: Heemmm (diam)

Alan: Ya buat sony dwi anggra paham ya yang bertanya tentang perbedaan antara TOEIC and IELTS

Alan: Ya,, dan kamu bisa kembali bergabung ne buat sony dwi anggara, misalkan masih ada pertanyaan karena jujur saja ni recan Destri saya merupakan pengemar dari pada acara program Fun With English, kalau tidak percaya kamu bisa tanya deh dengan penyiar senior

Destrin: Iya Iya

Alan: Dulu tu ada penyiar yang bernama recan Ria dan Riana

Destri: oh ya ria

Alan: pasti kalau saya komen itu gx selesai satu kali

Destri: jadi

Alan: ya kalau udah selesai dibalas komen terus di respond dari penyiar terus saya balas lagi itu jadinya balas balasan akhirnya kita ngobrol lagi berdua

Destri: Oh gitu

Alan: And our aggree with you. To other if you have mind you can join and take us in 0811.. or zero, eight….. atau bagi kalian yang ingin mengikuti jejak sony dwi anggara gimana caranya destri

Destri: Di facebook kita ya di radio L-bass bengkulu

Alan; dan sangat menyenangkan sekali ya kalau berbica tentang bahasa inggris dan ada habisnya

Musik

Destri: oke recan setia L-bass Fm kembali lagi tentunya masih di 96 point 7 radio L-bass Fm Setia Diudara Indah Dihati sebuah lagu dari siapa ni recan alan
Alan : dari siapa ? dari Cotly dengan judul The Sine. The song sweet to my best friend he will back tomorrow from malang. Ini cerita-ceritanya a apamanya lagu ini menceritakan tentang teman saya, spesifik nya lagi sahabat kalib saya dia sangat senang sekali lagu ini dan special single khusus to you

Destri : heemm (diam)

Alan : my friend today and next section we will talking about speaking kalau tadi kita sudah berbicara mengenai writing dan reading dan sekarang ada speaking. Di IELTS ini speakingnya memakan durasi 12 -14 menit dan saat disana kamu akan ditanya tentang diri kamu dan tentang teks diskusi

SONG (lagu diputar)

Alan : Ya di speaking test you will have twelve and fourteen. Jadi, kalian akan menghabiskan waktu 12-14 menit dan dijangka waktu tersebut kalian akan melalui three part, they are you have three part place if you join this test. Part one you will answere question about you self and your family, jadi disesi pertama ini atau part pertama kalian akan diminta menceritakan tentang dirimu dan keluargamu dan tentang keseharian biasanya gitu. Jadi harus benar–benar you know? this is general information about you, ini benar-benar informasi tentang kamu.

Kemudian di part kedua or part two you will speak about topik. Na di part ini yang pertama yang harus kalian lakukan menulis dalam kertas kecil. Nanti, akan diberikan kertas keci kemudian harus menulis dalam satu menit gitu, jadi kalian menulis dikertas tersebut dengan sebuah topik dalam 1 menit. Kemudian kalian akan berbicara sedikit tentang topik itu dengan waktu 3-4 menit, kemudian dibaagian terakhirnya atau di part tiga you have longer time to question about topik to introduction part two gitu.. di part kedua ini hingga habis sampai 14 menit kalian akan membahas sedikit mendalam mengenai topik yang kalian ambil atu topik yang ingin kalian bahas di sesi sebelumnya tadi di part dua tadi ya seperti kita habiskan waktu hingga 14 menit dan poin nya pun sama 1-9 tapi kalau kalian ingin mencoba mencari beasiswa kalain harus membawa atau memperoleh sekor paling minimal 6,8 atau 6, 9 tinggal 2 angka untuk kemaximal tapi benar tidak toleran 7 itu memang benar minimal apalagi buat Destri.

Destri : Yes, recan alan

Alan : Biasanya yang beralumi dari program study nya bahasa pengantar bahasa Inggris biasanya diminta lebih besar sekornya

Destri : haha.. waw ini amazing, tantangan ya kak
Alan: iya, tapi kalau saya master hukum ya jadi pertimbangan itu tidak terlalu besar or its not big deal, so jadi dari beasiswa yang sudah saya lamar memang rata-rata mereka yang lulusan dari bahasa inggris memang lebih konsen itu lebih tinggi nilaianya IELTS nya itu lebih tinggi biasanya seperti itu dan biasanya dianggap pengetahuan bahasa or language is important to communication. Betulakan?

Destri: betul

Song

Destri: oke recant setia L-bass kita undang lagi participant nya untuk recant setia L-bass di pia sma kita di 0811.. atau di via facebook kita ya di radio L-bass bengkulu

Mengenai speaking kalau destri belajar dikelas ada yang bersifat informal dan ada yang bersifat formal. Na biasanya kalau untuk formal biasanya kita seperti kita persentasi atau saat menyampaikan materi kayak itu ya didepan kelas heem seperti itu dan biasanya kalau kita informal itu memang ada dalam bahasanya seperti britis britis itu. Kayak wanna dan juga give me to bisa jadi gime atau kalau lagu sering kita dengar lagu Brono Mars yang judulnya Granate …. Di sering ngomong foya foya jadi artinya itu for you, for you oh my good.

Alan: for you,, jadi inggat song Fatin foya foya itu. Jdi fatin foya foya

Destri: foya-foyaaja dia deh haha

Alan: iya betul sekali seperti nya hemat kata kata foya

Destri: bukankah kontenya beda haha

Alan: itu ada penambahan sedikit dari recan destri mengenai speaking seperti itubya, ada bebarapa jenis tadinya ada dua jenis

Destri: secara informal dan formal

Alan: itu tergantung situasi heem, dalam situasi informal dan formal kita harus menggunakan bahasa yang berbeda. Tapi disarankan saat kita menggunakan test speaking ini yang dimita itu natural, jadi tidak harus dibuat-buat misalkan menggunakan kata kata yang teratur atau kata yang bagus, jadi yang dinilai disana adalah bagaimana kalian mengatasi topi, or the real you ara, or just the way you are

Destri: just the way you are

Alan: dan yang terakhir test ini adalah test listening, kenapa kita letak terakhir karena tidak terlalu banyak tips yang paling penting, tips nya adalah kalian harus
rajin mendengarkan jadi tidak terlalu banyak tips atau spesifik tip yang harus kita lakukan, tapi di listening ini kalian harus familiar dengan britis english

Destri : iyah (recan alan)

Alan : paham ya dengan britis english atau amerika english kalau biris itu contohnya kalau dia mengatakan watter (wotah) sedangkan amerika lebih menebalkan beberapa kosa kata. Dan kalau istilanya britis itu I can't do it

Destri : seperti tidak ada huruf R ya recan setia

Destri : ang digunakan untuk test listenig itu biasanya bahasanya keberitis beritisan

Alan : show you has familiar with british english it self, jadi itu adalah tips terbaik yang kita sampaikan di listening IELTS ini

Destri : jadi kita harus sering sering dengarin lagu ke britis itu..! seperti one Derrection itu.
Day : Wednesday
Date : June 1st 2016
Time : 16.00-17.30
Program : Fun with language
Announcers : Alan & Ani

Alan: Assalamu’alaikum wr. wb 97 point 6 Setia Diudara Indah Dihati come back with us in Fun With Language special program alright, I no one here, because here be beautiful wowen yang sedang bersama saya

Ani : Not really

Alan : Not really, I think everthing women is beautiful. Good afternoun ani

Ani : Good afternoun Alan, dan how are you?

Alan : I’m fine really fun. I pround the about you, dan Came again with us in love editions this moon because nexts week we will enter Romadan. We will back after this moon. Iya nanti kita akan kembali satu bulan setelah ini alright

Ani : Betul sekali recan setia

Alan : Dan kebetulan Ani kan jarang disini, saya mau tanya apa ni aktivitas anda saat ini ?

Ani : Lagi mempersipkan acara pwn

Alan : Perwakilan from benteng ya?

Ani : kalau egak salah dari jurusan syariah ada kok perwakilan ya recan Alan.

Alan : Really, siapa?

Ani : kalau egak salah rara kak

Alan : Oke si rara

Ani : Alright rekan Alan

Alan : Kebetulan selamat berkompetensi ya nanti

Ani : Iya thanks.

Alan : Selamat berkompetensi semoga menjadi winner atau kemenangan

Ani : Ok rekan setia bagi kalian yang ingin mereques lagu kalain bisa sms
Alan : 0811731760 zero, eight, one, one seven six zero kalian bisa sms aja, siapa tau diluar sana ada yang ingin belajar bahasa Inggris, dan kita wait participant in this afternoon for you

Ani : Yes alright

Alan : Dan kesempatan kali ini recan setia, we will explanation tips berbicara bahasa Inggris

Ani : Atau disebut juga speech

Alan : Iya betul sekali, kalau Ani pernah ikut speech?

Ani : Pernah sih! tapi egak teralu sering

Alan : Engak terlalu sering, Why?

Ani : Ani gugup gitu.!

Alan : Haha egak apa-apa, because belajar itu semuanya mulai dari susah dulu dan recan setia mungkin dari kalian ada yang ikut bertanya. How is good speech and no nerves when persentation. Bagaimana berpidato yang baik dan tidak gugup saat tampil. Pada konsef dasarnya berpidato bahasa Inggris and Bahasa Indonesia itu sama, but have different

Ani : Tapi egak terlalu jauh kan recan alan?

Alan : Actualy tidak terlalu jauh bedanya speech dalam bahasa indonesia. Tapi ada beberapa konsep yang tidak digunakan dalam berpidato bahasa Inggris atau speech bahasa Inggris sehingga tidak sama dengan bahasa indonesia.

Ani : Our star untuk ngasih info nya.

Alan : Oke dalam berpidato bahasa inggris haruslah memuat beberapa poin penting yaitu recan setia mengucapkan salam, rasa syukur, rasa terimakasih, perkenalan diri pembukaan dan continue explanation nya dan ada 9 langkah.

Ani : 9 Langkah?

Alan : Yes of course yang akan kita sampaikan yaitu cara berpidato bahasa Inggris

Ani : Harus berani ya karena ada 9 cara berpidato bahasa Inggris seperti yang diawal tadi yang sudah kita sampaikan

Alan : Betul, ya harus biasa karena kalau kita berani atau terbiasa berdiri didepan orang banyak sehingga mereka yakin
Ani : Setuju banget
Alan : Setuju banget ya

SONG (lagu diputar)

Ani : Ok before our continue sebelum kita lanjut mau salam salam dulu ya untuk rekan yang lagi dengarin. Khususnya untuk yang ada dikampus IAIN bengkulu, dan special nya untuk mam wardah

Alan : Iya, kebetulan mam wardahnya lagi diluar kota

Ani : Ia untuk teman-teman PBI good afternoon dan jangan lupa ya gabungan sama kita

Alan: Dan kami ucapakan good afternoon untuk civitas IAIN Bengkulu, buat rektor Dr H. Sirajudin Mh dan untuk seluruh staf dan jajaranya yang ada di IAIN Bengkulu. Dan don’t forget untuk dekan fakultas syariah, tadris/ tarbiyah dan ekonomi, and master sarjana

Ani : Iya benar sekali good afternoon aja

Alan : Selamat sore good afternoon everyone please kept stay on 97 point 6 dan nanti kita akan berbagi belajar speech Inggris since doesn’t limeted by age jadi belajar itu tidak dibatasi oleh usia oke.

Ani : Alright but the first harus ada kemauan

Alan : alright. Ok this information for everyone we will back. Jadi jangan kemana mana

Ani : waw

Alan : And don’t go anywhere stay on 97 point 6 radio L-bass setia diudara indah dihati

Ani : Iya back again ni with fun with english hanya di 97 point 6 Fm L-bass Setia Diudara Indah Dihati

Alan : Ya this is single special from Justin Biber, for you. I love this song and I think this song back my memories when I was senior hight school, aften request this song every day dan karena lagu ini bagus banget make happen in there makanya bagus banget

Ani : Waw sedalam apa kak?

Alan : Sedalam .. a engak terukur and than we will talking about topic today how to delivery good speech
Ani : Bagaimana bepidato bahasa Inggris dengan baik.

Anlan: Oke recan Ani, bagaimana sih? Langkah-langkah berpidato bahasa Inggris

Ani : Oke, ini dia untuk recan setia yang lagi dengerin academic speech yang pertama menyapa para tamu, for example honourable teacher, friend. Tempatnya, Ani adalah bagaimana cara kita menyampaikan ke audience karena ini adalah untuk memulai speech pada public speaking kita. Tempatnya sebagai tutur kata atau speech yang ingin kita sampaikan itu.

Alan : Betulnya sekali honourable English teacher. Misalkan !

Ani : Ya Mr. Alan

Alan : Honourable my friend and ledies and gantelment

Ani : Iya .. (emmm)

Alan : You can look situation recan setia. Misalkan kita mau menggunakan beberapa vocabular, part of opening menyapa seperti honourable English teacher, honourable friend. Dan kalau kita pidatonya tugas sekolah contoh, kita sebutkan apa yang ada disekitar kita kemudian sebutka. Kalau tidak ada jangan disebutkan ya..! Misalkan ada Gubernur di tegah-tegah or President maka kita sebutkan sesuai dengan kondisi.

Ani : Jadi kita harus tahu kondisi waktu, kapan dan dimana kita speech yang ingin kita sampaikan ke audience.

Alan : Betul sekali ya, dan kedua adalah menanyakan kabar contohnya good morning ledies and gantelment, and than good morning. I hope you are good condition in this morning atau good afternoon juga bisa sesuai dengan kodisi.

Ani : Jangan nanti speech nya malam terus bilang morning ya enggak nyambung!

Alan : I think really, gx nyambung. Saya pernah dulu, saat mau speech saya sudah prepare texts pidatonya untuk pagi dan ditulis dikertas good morning.

Ani : Oh ya really!

Alan : Dan ketika tampil dapat waktu sore, dan lucunya dalam speech saya masih good morning dan ada audience berteriak, sudah sore!

Ani ; Waw…

Alan : Tapi untungnya saya bisa ngeles. “Maksud saya semangat pagi”. Oke dan terus ada apa lagi recan Ani
Ani : Mengucapkan rasa syukur contohnya first I woud thank to Allah SWT, because he has give us miracela and blessing dan kita harus mengucapkan rasa syukur setelah kita menyapa audience, karena dengan mengucapkan rasa syukur itu akan membuat audience tertarik dengan speech kita dan juga this important di dalam speech.

Alan : Betul first of all we say thanks to Allah SWT, di dalam speech. Na ini juga harus ada option di dalam speech. Pengalaman saya waktu saya ikut kompetisi speech ada beberapa situasi dimana engak semua participant moeslim jadi kita harus menyesuaikan dengan keadaan speech kita. Seperti “Good morning” setelah menanyakan kabar saya lanjut dengan pengucapan terimakasih. So, tidak ada pengucapan rasa syukur dan ini juga adalah termasuk topik penilaian utama juga di speech

SONG… (lagu dipitar)

Alan : Oke some part of speech seperti, yang pertama tadi ada penegenalan diri, menanyakan kabar, sebagai penyapaan untuk pengakrapan diri ke audience kemudian mengucapkan rasa syukur secara personal.

And we will back again kept stay on 97 point 6 radio L-bass Fm Setia Diudara Indah Dihati. This song for you dari Syakira Try Everything

SONG.. (lagu diputar)

Alan : Oke recan L-bass 97 point 6 Setia Diudara Indah Dihati, oke good morning. Selamat pagi em,, good afternoon saya ucapkan kepada kap prodi atau ketua program study fakultas syaryah IAIN Bengkulu dan ada informasi ni mengenai ..

Ani : mengenai apa?

Alan : About jadwal imsyak bisa ambil di LAB or laboratorium Rukiyah fakultas syariah. So, bagi kalian yang belum punya jadwal imsyak kalian bisa datang di fakultas syariah dan itu informasi nya. Dan juga untuk mahasiswa KKN bisa ambil juga jadwal imsyak kalian bisa datang di fakultas syariah oke.

Ani : Oh ya kita salam-salam untuk anak-anak IAIN yang lagi KKN, salam aja untuk kakak tingkat selamat bertugas yang ada diutara dan diseluma ya and semoga lancar dan pastinya selamat berpuasa.

Alan : Selamat menjalankan puasa aja, saya paham sekali bagaimana berada ditempat orang lain and pengalamannya. Dan selamat bertugas aja.

Ani : yes,,, benarkah ?
Alan : Kita continew part berikutnya, ada mengungkapkan rasa terimakasih setelah rasa syukur. Contohnya I would like to thank you for everyone coming here and also thanks for participant. Dan ini adalah ungkapan terimakasih dalam speech contohnya thank you gays for support untuk teman-teman yang datang bawa sepanduknya ya semangat.

Ani : And juga penonton bayaran juga donk tentunya recan Alan

Alan : aa dan nexts ada apa.

Anin : Ada perkenalan diri na contohnya, this time I will introduce my self my name is mery atau juga bisa, before I start my topic let I introduction my self my name helen purnama sari you can call me helen

Alan : Alright langkah berikutnya adalah introduce your self dan jangan lupa sapa audience saat kita berpidato contonya I’m

Ani : Gimana kalau kita lupa perkenaan diri recan alan

Ani : Dan itu adalah tips keberapa, kelima

Alan : Kelima keenam ada menuju pokok speech for example “Today I will explan about teneger in globalization. Setelah itu we continew tentang pokok bahasan.

Ani : Dan kembali kita mengingatkan anda tentang informasi from fakultas syariah bagi kalian mahasiswa KKN bisa mengambil jadwal imsyakiyah Romadan 14.37 Hijriyah di laboraterium hisab and rukiyah fakutas syariah IAIN Bengkulu.

Alan : Ini satu stunya laboterium dikota Bengkulu

Ani : Really ?

Alan : Of corse karena cuma anak IAIN yang mempunyai laboterium hisab & rukiyah

Ani : Waw amzing kan IAIN Bengkulu
Alan : Ia donk fakultas syariah lagi gitu ya. Karena sebagai salah satu alumninya harus bangga

Dan jangan kemana-maana recan setia kita undang untuk gabungan atau sms di 0811.....

ANI. : Ani mau ngucapakn thanks yang udah gabungan di facebook kita radio L-bass 97 point 6 Fm IAIN Bengkulu

SONG (lagu diputar)

Alan : Oke recan setia L-bass Setia Diudara Indah Dihati dan ini sebuah lagu dari,,,, yang berjudul **It Is Doesn’t Matter** kamu cantik apa adanya for girl beautiful just you are dan kita lanjutkan ke tips ke tujuh ada apa ani

ANI. : Ada apa ya kita masuk ke pokok

Alan : Setelah dipokok kita ke akhir dan biasanya diakhir kita minta maaf, contohnya ledies and gentlement I’m so sorry If I have mistake dan Wassalammu’alaikum wr. wb and thanks you very much for attation.

ANI. : Dan iya recan alan dan for the last we say thanks atau terimakasih.

Alan : Iya betul dan jadi yang terakhir ada apa, for example it is time for clouse

Alan : Betul sekali harus ada penutup dan that is last tips for speech and we will back again

ANI. : Yes of cause. Ini yang terakhir

Alan : And don’t go anywhere keep stay in radio L-bass

SONG (lagu diputar)

Alan : Kembali di 97 point 6 this the last our section. Saya ingin mengucapakan selamat hari Pancasila. Sedikit kita merangkap tahapan atau tips untuk speech

Mengungkapkan rasa syukur, rasa terimakasih perkenalanq diri, judul/tema, topik pidato, salam penutup, akhir pidato dan kesimbilan penutup

ANI. : Dan salam untuk Dekan fakultas Ttarbiyah and Tadris dan tidak lupa salam buat sahabat saya di PBI.

Alan : Ok the last, and kept stay in radio L-bass karena banyak program seru di bulan romadan ini. And thanks you so much again kept stay terus ya.
Appendix 4

Day : Wednesday
Date  : 18 Mei 2016
Time  : 16.00-17.00
Program : Fun with language

<td>✓</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>2</td>
<td>Alan: I’m fine really fun. I <em>proud the about you, dan Came again with us in love editions this moon because nexts week we will enter romadan. We will back after this moon. Iya nanti kita akan kembali satu bulan setelah ini alright</em></td>
<td>✓</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td>Ani : Betul sekali recan setia</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>3</td>
<td>Alan: Dan seperti yang diawal tadi kita akan give information about IELTS. <em>What is IELTS my friend destri is much more know about this.</em></td>
<td>✓</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td>Destri: Tentunya saya akan kasih tau haemm</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>4</td>
<td>Alan : Bahkan kamu harus targetkan 160 bagi standarnya karena event thought we make 149 atau 149,5 mungkin ada komanya itu tetap tidak diterima, itu akan</td>
<td>✓</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
5 Alan: Tapi dalam penialaannya masing-masing secara individual test seperti itu. Mungkin bagi anda yang tertarik untuk mengetahui IELTS itu seperti apa ya recan destri. Karena recant destri she is an English student
Destri: Yes alright recan alan!

6 Ani: Ia untuk teman-teman PBI good afternoon dan jangan lupa ya gabungan sama kita
Aalan: Dan kami ucapakan selamat sore untuk cipitas IAIN Bengkulu

7 Alan: Oke writing is the result consensus try to take IELTS not only about grammar but also same think like you know vocabulary atau hal sumber nya yang kecil sekali ya
Destri: Kecil sekali ya dan

8 Alan: Betul sekali kembali kita ingatkan bagian kalian yang ingin bergabung kalian bisa comment in our facebook kita di radio L-bass IAIN bengkulu atau sms di 0811.... Atau mungkin ada orang luar negeri yang sedang dengarin you can take us in 0811... we will back on 96 point 7 kept stay after on this komercial. That for you lucy from

9 Alan: And than lets go back the topik today about IELTS dan tadi sudah kita a.. comentary mengenai writing ya.., hem

10 Alan: Reading di IELTS Apa pokok dari
berbeda sekali dengan reading TOEFL ya.. mengapa? Kalau reading TOEFL itu kita bisa memprediksi pertanyaan nya seperti what is the mean topik, what is synonim word the paragrapf one , what does it mean seperti itu ya

| Paragraf | Coordination
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>11 Alan : Betul sekali ya, dan kedua adalah menanyakan kabar contohnya good morning ladies and gentelman, and than good morning I hope you are good condition in this morning atau good afternoon juga biss sesuai dengan kodisi</td>
<td>✓</td>
</tr>
<tr>
<td>12 Alan: Destri disangka ibuk – ibuk, that oke here we are learning it other. Iya kita sama-sama belajar, its no big deal for people actually I understand you understand let’s do together</td>
<td>✓</td>
</tr>
<tr>
<td>13 Alan: Jadi sony tadi bertanyai mengeai TOEIC alright may I ask about IELTS dan di tanya TOEIC? And diferent TOEIC and IELTS gampang sekali alright</td>
<td>✓</td>
</tr>
<tr>
<td>14 Alan : Na cara gampang untuk membedakannya adalah gamapang banget jika TOEIC digunkank saat kalian ingin bekerja diluar negeri, so some may be a few or not several companies need this sertificat. Destri : Waw that good information ya rekant setia L-bass apalagi yang ingin bekerja diluar negeri</td>
<td>✓</td>
</tr>
<tr>
<td>15 Alan: Na itu, we are the language academic you know? Academic stap jadi sesuatu mungkin berhubungan</td>
<td>✓</td>
</tr>
</tbody>
</table>
| No. | Alan: And our agree with you. *To other if you have mind you can joint and take us* in 0811... Or zero, eight..... atau bagi kalian yang ingin mengikuti jejak Sony Dwi Anggara gimana caranya Destri
   Destri : di facebook kita ya di radio L-bass bengkulu |  | Untuk semua jika kamu punya ide kamu bisa ikut gabungan atau hubungi kami
| 17 | Alan: Dari siapa? Dari cotly dengan judul *The Sine*. *The song sweet to my best frieand he will back tomorrow from malang*. Ini cerita-ceritanya a apanamanya lagu ini menceritakan tentang teman saya, specifik nya lagi sahabat karib. Saya dan dia sangat senang sekali lagu ini dan special single khusus to you | ✓ | Lagu ini untuk sahabat saya dia akan pulang besok dari malang
   Sebuah lagu untuk kamu
| 18 | Alan: Ya di *speaking test you will have twelve menit*. And fourteen jadi kaian akan menghabiskan waktu 12-14 menit dan dijangka waktu tersebut kalian akan melalui three part, *they are three you have three part place if you join this test*. Part one you wil answere question about you self and your family,.. | ✓ | Tes berbicara kamu mempunya 12
   Kamu akan melalui tiga tahapan jika mengikuti test ini
| 19 | Alan: Jadi disesi pertama ini atau part pertama kalian akan diminta menceritakan tentang dirimu dan keluarga mu dan tentang keseharian biasanya gitu. Jadi harus benar–benar you know? *this is general information about you*, ini benar-benar informasi tentang kamu | ✓ | Kamu tau? Ini adalah pengetahuan umum tentang kamu
| 20 | Alan: Iya, tapi kalau saya master hukum ua jadi pertimbangan itu tidak terlalu | ✓ | Ini bukan masalah yang besar jadi
besar or its not big deal so jadi dari beasiswa yang sudah saya lamar memang rata-rata mereka yang lulusan dari bahasa inggris memang lebih konsen itu lebih tinggi nilainya IELTS nya itu lebih tinggi biasanya seperti itu dan biasanya dianggap pengetahuan bahsa or language is important to communication. Betulakan?

21 Alan : So you has familiar with brithes english it self, jadi itu adalah tips terbaik yang kita sampaikan di listening IELTS ini

KET: 1 = Intra sential
      2 = Inter sentetial
      3 = Establishing continuity with the previous speaker

<tr>
<td>14</td>
<td>Alan: Dan di <em>test one</em> ini atau di writing</td>
<td>✓ Ujian pertama</td>
</tr>
<tr>
<td>15</td>
<td>Destri : <em>Oke</em> harus lebih dari 150</td>
<td>✓ Ok</td>
</tr>
<tr>
<td>16</td>
<td>Alan : Bahkan kamu harus targetkan 160 bagi</td>
<td>✓ Dimana kita membuat</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>---</td>
<td>---</td>
<td>---</td>
</tr>
<tr>
<td>17</td>
<td>Alan : Ya pengurangan poin</td>
<td>✓</td>
</tr>
<tr>
<td>18</td>
<td>Alan : Termasuk juga di task dua di writing test ini recan Destri</td>
<td>✓</td>
</tr>
<tr>
<td>19</td>
<td>Alan : Disini kita biasanya dimintak untuk menjelaskan kind of flag grafik</td>
<td>✓</td>
</tr>
<tr>
<td>20</td>
<td>Destri : Oke sepert itu</td>
<td>✓</td>
</tr>
<tr>
<td>21</td>
<td>Alan : Jadi mempunyai skor masing-masing yaitu 1-9</td>
<td>✓</td>
</tr>
<tr>
<td>22</td>
<td>Destri : Yes alright recan alan</td>
<td>✓</td>
</tr>
<tr>
<td>23</td>
<td>Destri : Oke dan kita udang ni untuk</td>
<td>✓</td>
</tr>
<tr>
<td>24</td>
<td>Alan: Misalnya seperti apa ya... rekan destri</td>
<td>✓</td>
</tr>
<tr>
<td>25</td>
<td>Alan: Betul sakali ya, jadi seperti itu ya rekan Destri seperti nama.</td>
<td>✓</td>
</tr>
<tr>
<td>26</td>
<td>Alan : Jadi menggunakan huruf kapital</td>
<td>✓</td>
</tr>
<tr>
<td>27</td>
<td>Alan : Yang ingin bergabung kalian bisa komen di facebook</td>
<td>✓</td>
</tr>
<tr>
<td>28</td>
<td>Alan : Ok that was everything from Ariana Granday selamat mendengarkan</td>
<td>✓</td>
</tr>
<tr>
<td>29</td>
<td>Destri : Dan she is my favorite singer</td>
<td>✓</td>
</tr>
<tr>
<td>30</td>
<td>Alan : You know what coming from the sky betul sekali ya</td>
<td>✓</td>
</tr>
<tr>
<td>31</td>
<td>Alan : And than lets go back the topik, today about IELTS dan tadi sudah</td>
<td>✓</td>
</tr>
<tr>
<td>32</td>
<td>Alan : Oke kita tadi membahas</td>
<td>✓</td>
</tr>
<tr>
<td>33</td>
<td>Destri: Ya writing</td>
<td>✓</td>
</tr>
<tr>
<td>34</td>
<td>Destri : Reading ya membaca sumber nya</td>
<td>✓</td>
</tr>
<tr>
<td>No</td>
<td>Kalimat</td>
<td>Imitasi</td>
</tr>
<tr>
<td>----</td>
<td>---------</td>
<td>---------</td>
</tr>
<tr>
<td>35</td>
<td>Alan : Dibiasakan dengan vocabuleader</td>
<td>✓</td>
</tr>
<tr>
<td>36</td>
<td>Alan : Sedang dengarin you can take us in 0811…</td>
<td>✓</td>
</tr>
<tr>
<td>37</td>
<td>Alan : Ya sure</td>
<td>✓</td>
</tr>
<tr>
<td>38</td>
<td>Destri : Ya speak</td>
<td>✓</td>
</tr>
<tr>
<td>39</td>
<td>Alan : Ya seperti itu contohnya test dari pada reading kalian bisa lihat some website you can make to be easier to learn english</td>
<td>✓</td>
</tr>
<tr>
<td>40</td>
<td>Destri : Karena banyak materi-materi yang ter searching ini ya digoogle</td>
<td>✓</td>
</tr>
<tr>
<td>41</td>
<td>Alan : Ya jujur aja rekan destri,</td>
<td>✓</td>
</tr>
<tr>
<td>42</td>
<td>Destri : Oke rekan setia L-bass kita akan bacain</td>
<td>✓</td>
</tr>
<tr>
<td>43</td>
<td>Alan : Mrs iya</td>
<td>✓</td>
</tr>
<tr>
<td>44</td>
<td>Destri : Mr alan what is heem</td>
<td>✓</td>
</tr>
<tr>
<td>45</td>
<td>Destri : Iya What the different between toeic with Ielts test</td>
<td>✓</td>
</tr>
<tr>
<td>46</td>
<td>Destri : Oh ya I’m singgle</td>
<td>✓</td>
</tr>
<tr>
<td>47</td>
<td>Alan : Destri disangka ibuk–ibuk, that ok here we are learning it other</td>
<td>✓</td>
</tr>
<tr>
<td>48</td>
<td>Alan : Gampang lah pokoknya dan untuk sony dwi anggara thanks you so much for stay and comment in our facebook</td>
<td>✓</td>
</tr>
<tr>
<td>49</td>
<td>Alan : Jadi sony tadi bertanya mengenai Toeic alright may I ask about Ielts dan di tanyaToeic</td>
<td>✓</td>
</tr>
<tr>
<td>50</td>
<td>Destri : So it different sekali ya</td>
<td>✓</td>
</tr>
<tr>
<td>51</td>
<td>Alan : Gamapang banget jika Toeic digunakan saat kalian ingin bekerja diluar negeri, so some may be a few</td>
<td>✓</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>---</td>
<td>---</td>
<td>---</td>
</tr>
<tr>
<td>52</td>
<td>Destri : Waw <em>that good information</em> ya rekan setia L-bass</td>
<td>✓</td>
</tr>
<tr>
<td>53</td>
<td>Alan : Iya rekan Destri</td>
<td>✓</td>
</tr>
<tr>
<td>54</td>
<td>Destri : Academik writing ya</td>
<td>✓</td>
</tr>
<tr>
<td>55</td>
<td>Alan : Na itu, <em>we are the language academic you know?</em></td>
<td>✓</td>
</tr>
<tr>
<td>56</td>
<td>Alan/destri : TOEFL atau IELTS <em>rekan</em> setia L-bass</td>
<td>✓</td>
</tr>
<tr>
<td>57</td>
<td>Alan : Dulu tu ada penyiar yang bernama <em>rekan</em> Ria dan Riana</td>
<td>✓</td>
</tr>
<tr>
<td>58</td>
<td>Alan : Pasti kalau saya <em>komen</em> itu gx selesai satu kali</td>
<td>✓</td>
</tr>
<tr>
<td>59</td>
<td>Alan : <em>Ya kalau udah selesai dibalas komen</em> terus</td>
<td>✓</td>
</tr>
<tr>
<td>60</td>
<td>Destri : <em>Oke rekan</em> setia L-bass Fm kembali lagi tentunya masih</td>
<td>✓</td>
</tr>
<tr>
<td>61</td>
<td>Alan : Saya sangat senang sekali lagu ini dan <em>special single khusus to you</em></td>
<td>✓</td>
</tr>
<tr>
<td>62</td>
<td>Destri : <em>yes recan</em> alan</td>
<td>✓</td>
</tr>
<tr>
<td>63</td>
<td>Destri: haha.. waw ini amazing</td>
<td>✓</td>
</tr>
<tr>
<td>64</td>
<td>Alan: <em>Language is important to communication.</em> Betulakan?</td>
<td>✓</td>
</tr>
<tr>
<td>65</td>
<td>Destri : <em>Oke recan</em> setia L-bass</td>
<td>✓</td>
</tr>
<tr>
<td>66</td>
<td>Alan : <em>For you, jadi inggat song fatin</em></td>
<td>✓</td>
</tr>
<tr>
<td>67</td>
<td>Alan : Itu ada penambahan sedikit dari <em>rekan destri</em></td>
<td>✓</td>
</tr>
<tr>
<td>68</td>
<td>Destri : Seperti tidak ada huruf R nya <em>rekan setia</em></td>
<td>✓</td>
</tr>
<tr>
<td>69</td>
<td>Alan : <em>So you has familiar with brith English itself, jadi itu adalah tips terbaik yang kita sampaikan di</em></td>
<td>✓</td>
</tr>
<tr>
<td>listening IELTS ini</td>
<td></td>
<td></td>
</tr>
<tr>
<td>-------------------</td>
<td>--</td>
<td></td>

Appendix 10

The Presentation’s of Code Switching and Code Mixing

Remark:

\[ P = \frac{F}{N} \times 100\% = \]

\( P = \) The Percentage of Code Switching/Mixing

\( F = \) Frequency of Code Switching/Mixing on the Speech Utterance

\( N = \) Sample (The Total Words/Sentences Used By the Host)

A. Types Of Code Switching

1. Intra Sentential
   
   Percentage
   
   \[ P = \frac{F_1 + F_2 + F_3}{N} \times 100\% = \frac{3+8+6}{47} \times 100\% = 36, 18\% \]

2. Inter Sentetial
   
   Percentage
   
   \[ P = \frac{F_1 + F_2 + F_3}{N} \times 100\% = \frac{8+6+5}{47} \times 100\% = 40, 42\% \]

3. Establishing Continuity With The Previous Speaker
   
   Percentage
   
   \[ P = \frac{F_1 + F_2 + F_3}{N} \times 100\% = \frac{2+7+2}{47} \times 100\% = 23, 40\% \]

B. Types Of Code Mixing

1. Intra Lexical Code Mixing
   
   Percentage
   
   \[ P = \frac{F_1 + F_2 + F_3}{N} \times 100\% = \frac{18+36+32}{161} \times 100\% = 53, 41\% \]
2. Establishing Continuity With The Previous Speaker Percentage

\[ P = \frac{f_1 + f_2 + f_3}{N} \times 100\% \]

\[ P = \frac{3 + 10 + 16}{161} \times 100\% = 18.02\% \]

3. Involving A Change Of Pronunciation Percentage

\[ P = \frac{f_1 + f_2 + f_3}{N} \times 100\% \]

\[ P = \frac{9 + 23 + 14}{161} \times 100\% = 28.57\% \]
