Subject: RE: Article Submission for Publication in International Journal of Applied Mathematics  
To: ANDANG SUNARTO - <[andang99@gmail.com](mailto:andang99@gmail.com)>

Dear Andang Sunarto

Please note, as warned, that we still have waiting submissions since April-May 2020...

I am pleased to inform you that after positive reviewers' opinions, your paper has now been accepted for publication in IJAM. The reviewers have no special remarks about the mathematical contents.

Attached is the official acceptance letter and the necessary instructions to further proceed the paper for publication.

**Your manuscript is mad almost as necessary in IJAM format/ style. But yet some few final improvements are necessary, see some YELLOW marks on the attached pdf-file:**

- The tables should be moved inside the paper's text, at least before Refs, and not to be at the very end;
- On page 4, in defs, you have "alpha" in Italics but should be "\alpha"
- Where you have "cos" in formulas should be "\cos"
- Some necessary revisions of style in Refs – as Capital letters to Low case and vice versa, for Books and titles of articles; add details in Ref. [2]

And OK, check again all details.

**When you are ready, pls. send me the necessary files (latex, pdf, signed copyright form) and information about the payment.**

Thank you for the patience and contribution to our journal, yours
